50 Fantastic Ideas for Co-Regulation Kerry Murphy, 2024-04-25 _____ The 50 Fantastic Ideas series is packed full of fun original skills based activities for Early Years practitioners to use with children aged 0-5. Each activity features step by step guidance, a list of resources and a detailed explanation of the skills children will learn. Creative, simple and highly effective, this series is a must have for every Early Years setting. _____ Co-regulation is the process when children develop the ability to manage emotions, responses and impulses both in mind and body. Self-regulation through connection with nurturing and reliable caregivers. Children need to understand their own feelings and those of others and learn to regulate their behaviour accordingly. One of the key ways children learn to self-regulate is through co-regulation. With modelling support and nurture, practitioners can learn to co-regulate alongside the children so that they can develop those important skills. This dip in and out guide will help practitioners provide the strongest foundations for children and to give them the best emotional start in life. It provides meaningful and inclusive ideas for co-regulation that can be embedded into everyday practice and be used for a broad range of emotional needs without being tokenistic. These practical and easy-to-resource ideas are expertly formulated to support and develop children's self-regulation skills. *Emotional Literacy* Andrew Moffat, 2017-07-05 This is an exciting hands-on resource comprising over 200 whole class lesson plans. These can be used with a class in their very first week at school in Year 1 right through to their last week in Year 6. Each lesson plan focuses on a text, provides prompts for discussion and gives clearly explained engaging activities to suit all learning styles. The lesson plans are based on 152 popular children's books. There are many cross-curricular opportunities with specific links to literacy, particularly through the drama, speaking and listening plans of the Renewed Primary Strategy. The scheme also includes Circle Time games specially selected for their positive effect on the emotional well-being of the child. The author, who is an Advanced Skills Teacher, spent two years developing the scheme of work. Each lesson plan has been tried and tested in many schools and is steeped in excellent primary practice. The scheme is designed to support the aims of the Every Child Matters agenda. The plans are differentiated by year group and are set out in modules which each last for six weeks, making the resource a manageable format for class teachers to use and an ideal solution to the delivery of SEAL Primary. *The Smartest Giant in Town Activity Book* Julia Donaldson, 2009-03-06 Hours of fun with everybody's favourite giant.
