"Cigarette smoking in the Philippines should be banned because it poses a great threat to the health of the family members." Argumentative essay I. Introduction A. It has been an increasing concern about the effects of smoking in the family. B. Cigarette smoking not only affects the smoker but also the others around the smoker. II. Body (Discuss the issue) A. Smoking is mostly caused by sociocultural factors. * They smoke to gain adult status. * They smoke to conform to their social group. B. Smoking causes cancer and other respiratory diseases. C.

When there is a smoker in the family; it is most likely that the members of the family will be influenced by smoking. III. Cigarette smoking should be banned to decrease the health threats. Cigarette smoking is the inhalation of gases and hydrocarbon vapors generated by slowly burning tobacco in cigarettes. The harmful substances found in cigarettes and cigars are the carbon monoxide, nicotine, and tar. Carbon monoxide is the gas that impairs the capacity of the blood to supply adequate amounts of oxygen to the vital organs of the body and is responsible for the shortness of breath among smokers.

Nicotine is the substance that creates dependence on tobacco and is responsible in raising blood pressure and heart rate. The tar is the brownish viscous substance found in smoke known to be a cancer-causing agent. Cigarette smoking is a major cause of preventable diseases and premature death. Smoking has been associated with lung cancer, chronic bronchitis, emphysema, ischemic heart disease, hypertension, and diabetes. Taking in a lot of these chemicals harms your body in severe ways. You will have incurable diseases and suffer from it. Most of the smokers know that already, they just can't quit yet because of its addicting content.

But, they do need to be aware that cigarette smoking causes harm not only to the smoker but also to the people around him. It has been an increasing concern about the effects of the smoking habits of a family member to other members of the family. Secondhand smoke also known as passive smoke, "is a mixture of 2 forms of smoke that comes from burning tobacco: Sidestream smoke (smoke that comes from the lighted end of a cigarette and mainstream smoke (smoke exhaled by a smoker)" ("Secondhand smoke," 2011). It is passive smoking when non-smokers are exposed to secondhand smoke ("Secondhand smoke," 2011).

When they inhale secondhand smoke, they take in nicotine and other chemicals just like the smokers do ("Secondhand smoke," 2011). According to the quittersguide, "secondhand smoke immediately affects the heart and blood circulation, and over time it causes heart disease and lung cancer" (quittersguide, 2008). Smoking is mostly caused by the sociocultural factor. They smoke because they need to fit in with their social group who smoke (Cortes, 2011). It is because some think when you are smoking cigarettes, you would look cool. For teens, they smoke because they want to attain adult status (Cortes, 1998).

Some teens think that if you smoke cigarettes, you would look mature because normally

Visual Writing Alex Baratta, 2010-07-12 Considering the fact that the academic essay continues to be widely used as an assessment tool within education there is a need for students to develop their skills in this area However it is often the case that students perceive instruction in academic writing if it is offered at all as boring This book addresses these two issues First the book can be used by students themselves even in the absence of academic writing classes as a self help guide from which they can develop their knowledge of academic writing and subsequent proficiency Second by discussing the components of academic writing in terms such as film which are familiar to today's generation students are enabled to relate to the material better and see what might have been perceived as dull from a brand new perspective Visual learners in particular will enjoy the analogous link between films and essays and students today are arguably more visually literate than previous generations being exposed to visuals on a daily basis through text message iconography computer games and the Internet The visual instruction provided in turn helps to facilitate mental visuals in students minds from which their knowledge of essay writing can start to develop
