

WELCOME!

August 2012

Dear Parents,

It is a pleasure to have your child in our class. To start off the year right, we are sending you this Parent Survival Handbook that has been assembled to help you understand our homework requirements and other important information that will enable us to make this a very positive and rewarding year. We feel as though open lines of communication between the parent, student, and teachers are the key to promoting an educational climate that is conducive to learning. We are looking forward to working with you and your child. Together we can make a difference! You can help by sending us well-rested children with full tummies and a hug and a kiss still fresh on their minds. This sets the stage for a lovely day.

Please feel free to contact us at any time if there is a question or situation you would like to discuss. You will receive additional communication throughout the school year. We look forward to building a relationship with you and your child and thus providing the best education that we are capable of giving.

Sincerely,
Mandy Gregory and Tina Barrett

Teach More and Discipline Less Barbara

Reider, 2004-12-07 Reider's book gives valuable and practical ideas used by teachers she has observed throughout the world for preventing disruptions before they start She proclaims an unfailing faith in the everyday hardworking teacher and presents workable ideas to sharpen teaching skills and improvements for classroom management Joy Heisig Educational Consultant California State University Fresno In my twenty-five years as a school principal I have seen many teachers struggle with negative student behavior This book will help teachers avoid the many pitfalls in classroom management and enable them to create an optimal learning environment for their students Gary Pogue School Principal Retired Buckeye Elementary Shingle Springs CA Use the wisdom of master teachers to establish a positive and productive classroom environment Do you want to spend more time teaching and less time disciplining Do you want to foster resiliency in your students to ensure a kid successful classroom Do you want to prevent behavior problems before they start Many teachers find the work of managing the classroom more challenging than teaching itself This handbook shows how to create the peaceful and caring environment that makes teaching so enjoyable Teach More and Discipline Less takes a common sense approach to setting up a classroom with standards of respect understanding and success Drawing on the wisdom of master teachers and her own extensive classroom experience Reider explains how to empower students while establishing an invisible authority in the classroom Using the time-tested ideas activities and strategies outlined in this guide you will be able to Recognize and address the causes of misbehavior Build rapport and cooperation in the classroom Raise the level of student

responsibility Tender clear limits and logical consequences Find alternatives for rewards and punishment Find the freedom to teach more and discipline less when you create an environment in which students feel secure happy and ready to learn

Working With Challenging Parents of Students With Special Needs Jean Cheng Gorman,2004-03-12 Move beyond conflict to true collaboration with difficult parents of children with special needs by understanding their perspectives and using appropriate methods to address their concerns

Make Your School Irresistible Carrie Bishop,Jessica Holloway,2025-01-31 Attract and retain talented faculty by inviting them into your school community investing in their careers and inspiring them to advance in their profession Teacher numbers are dwindling in schools and districts across the United States as many leave the profession and the popularity of teacher education programs wanes As a result the most qualified candidates can choose from an array of professional options How do you make sure they will want to commit to your school In *Make Your School Irresistible* authors Carrie Bishop and Jessica Holloway explore ways to reframe personnel practices and center teachers to boost the appeal of joining your school community Drawing on their coaching and teacher leadership experience the authors introduce three vital components for recruitment and retention invite invest and inspire Practical strategies relatable scenarios and real life examples demonstrate what to do and not do to attract top candidates and support existing staff in ways that allow them to grow and thrive in their careers School leaders will learn how to Communicate a compelling school identity and brand through social media and other vehicles Establish effective processes for all stages of engagement with candidates from recruitment and interviewing through onboarding and mentoring Develop mindsets and behaviors that convey respect for all staff and nurture their personal and professional growth Build leadership capacity within and outside the classroom for the benefit of both individuals and the larger school community Armed with this guidance you will be better prepared to find attract and retain the great teachers who will contribute to a promising future for your school your students and your community

Teaching Language Arts to English Language Learners Anete Vásquez,Angela L. Hansen,Philip C. Smith,2013-03-12 This thoroughly revised and updated edition of *Teaching Language Arts to English Language Learners* provides readers with the comprehensive understanding of both the challenges that face ELLs and ways in which educators might address them in the language arts classroom The authors offer proven techniques that teachers can readily use to teach reading writing grammar and vocabulary as well as speaking listening and viewing skills A complete section is also devoted to ways teachers can integrate all five strands of the language arts curriculum into a comprehensive unit of study with meaningful accommodations for ELLs An annotated list of web and print resources completes the volume making this a valuable reference for language arts teachers to meet the challenges of including all learners in effective instruction New features to this edition include An updated and streamlined Part 1 which provides an essential overview of ELL theory in a language arts specific context Additional practical examples of language arts exercises all of which are closely aligned with the Common Core State Standards New pedagogical elements in Part 3 including tips on harnessing new technologies

discussion questions and reflection points Updates to the web and print resources in Part 4

Partnering with Parents to Ask the Right Questions Luz Santana, Dan Rothstein, Agnes Bain, 2016-09-19 How can we make it easier for schools and families to work together on behalf of all students It all begins by tapping into the different strengths educators and parents and caregivers can contribute to building a strong partnership Partnering with Parents to Ask the Right Questions by Luz Santana Dan Rothstein and Agnes Bain of the Right Question Institute presents a deceptively simple strategy for how educators can build effective partnerships with parents especially those who typically have not been actively involved in their children's schooling It distills complex important ideas on effective civic participation into an easy to learn process that teaches parents two fundamental skills they can use to support the education of their children monitor their progress and advocate for them asking better questions and participating effectively in key decisions Based on more than two decades of work and research in a wide range of low and moderate income communities this book empowers overburdened and under resourced educators and parents to work together and achieve their common goal of successful students This indispensable guide includes case studies spanning K 12 classrooms and it explores ways to assist struggling students collaborate on IEPs and communicate with families of English language learners The accessible and easy to use format field tested advice and vivid examples from schools that put the advice into practice make this a must have for everyone from the classroom to the central office

Teachers and Parents Together Maureen Botrie, Pat Wenger, 1992 Practical ways to involve parents in school programs from ideas for bulletin boards through suggested letters and procedures for parent interviews open houses newsletters and surveys Reproducible information sheets clarify key questions about everything from spelling to skills to report cards

What Every 3rd Grade Teacher Needs to Know Mike Anderson, 2011 You're teaching third grade this year What do you need to know Mike Anderson gives you practical information about daily routines furniture and much more After a concise review of third graders common developmental characteristics Mike explains how to adjust your classroom and your teaching to fit these common characteristics The result Students can learn and you can teach with minimum frustration and maximum ease and joy In clear plain writing peppered with classroom stories and examples Mike shares practical know how on topics like this Arranging a circle desks and tables Choosing and storing supplies Scheduling a child centered day and teaching daily routines Planning special projects and field trips that maximize learning and build community Understanding the special concerns of third graders parents and finding the best ways to communicate with them

Circle in a Box Sam Vandervelde, 2009 Math circles provide a setting in which mathematicians work with secondary school students who are interested in mathematics This form of outreach which has existed for decades in Russia Bulgaria and other countries is now rapidly spreading across the United States as well The first part of this book offers helpful advice on all aspects of math circle operations culled from conversations with over a dozen directors of successful math circles Topics include creative means for getting the word out to students sound principles for selecting effective speakers

guidelines for securing financial support and tips for designing an exciting math circle session The purpose of this discussion is to enable math circle coordinators to establish a thriving group in which students can experience the delight of mathematical investigation The second part of the book outlines ten independent math circle sessions covering a variety of topics and difficulty levels Each chapter contains detailed presentation notes along with a useful collection of problems and solutions This book will be an indispensable resource for any individual involved with a math circle or anyone who would like to see one begin in his or her community Sam Vandervelde teaches at St Lawrence University He launched the Stanford Math Circle and also writes and coordinates the Mandelbrot Competition a math contest for high schools In the interest of fostering a greater awareness and appreciation of mathematics and its connections to other disciplines and everyday life MSRI and the AMS are publishing books in the Mathematical Circles Library series as a service to young people their parents and teachers and the mathematics profession Titles in this series are co published with the Mathematical Sciences Research Institute MSRI
