they follow him most people who know of Jesus believe he was a highly ethical person and profound teacher who challenged
the powers that be and died an unjust death But was that all Did his life end with his death like every other normal human
being Or as the first century documents called the gospels assert was Jesus raised physically from the dead Did he come back
to life to walk and talk and eat and show his scars Did his disciples get it right Is death not the end of the road This book
presents key lines of historical evidence for the resurrection of Jesus At its heart it is the story of the resurrection witnesses
Witness reports their backstories and accounts of the way they lived their lives going forward allow the reader to evaluate
their character and credibility Remarkable archaeological discoveries and secular historical figures enter the picture when
they cross paths with the witnesses The resurrection of Jesus is controversial so alternative theories that deny it ever
happened get evaluated as well Reading this book puts you on a journey to understand what really happened in the earthly
life of Jesus which just may be the most important journey anyone can take **The Antiquities of the Christian Church.**
