

Expository Essay Structure

Introduction	Introduce the essay with a hook that demonstrates relevance of the essay to the reader. Introduce the topic and outline your essay structure
	Thesis Statement: Don't forget to state your thesis statement in the introduction. For an expository essay, it should be a statement of fact not an argument.
Body Paragraphs	<p>Each body paragraph should contribute one new key idea that adds depth to your explanations of the overarching topic, helping readers to develop a deeper understanding on the topic. Typical body paragraph structure is as follows:</p> <ul style="list-style-type: none">• Topic sentence: Introduce what topic or point the paragraph will cover. The paragraph should only address one key point and not go off-topic.• Elaboration: Elaborate on the topic sentence by adding detail and information about this argument.• Support: Include a fact, quote, or important piece of information about the topic that demonstrates you have conducted research into the topic.• Summary: Add one sentence that will summarize this paragraph topic and link it back to the overall thesis statement.• Transition: Transition to the next paragraph.
Conclusion	Close the loop by returning to a statement you made in the introduction. Show what your final position is. Explain who should be interested in your findings. End by noting in one final, engaging sentence why this topic is of such importance.

Research in Basic Writing Martin Jacobi, Michael G. Moran, 1990-02-15 This reference handbook surveys research on the central issue associated with the teaching of unprepared writers Though basic writing has only been recognized as a distinct area of teaching and research since 1975 the existing bibliographic texts already seem limited due to their age or lack of annotation This volume provides current and extensive bibliographic essays and will help to define this new field of study for teachers and researchers Following an introduction that summarizes the origins and

significant texts in basic writing the book is divided into three sections Social Science Perspectives Linguistic Perspectives and Pedagogical Perspectives The first section which contains three essays views the field through the lens of social psychological and political issues The second section also containing three essays examines contributions made from studies of grammar dialects and second language acquisition The third section in its four essays focuses on the design development administration and evaluation of basic writing courses the use of computers in basic writing classrooms the role of the writing lab and the preparation of basic writing teachers An appendix that reviews current textbooks for basic writing courses is also included as well as an index This book will be a valuable resource for teachers of basic writing in education courses and workshops that train teachers and tutors and in fields such as linguistics technical writing and Teaching English as a Second Language It will also be an important addition to public and university libraries and many education programs

Resources in Education ,1999-10 **Handbook of Response to Intervention and Multi-Tiered Systems of Support** Paige C. Pullen,Michael J. Kennedy,2018-10-04 Of the many issues facing special education and general education today it is difficult to imagine one more important or timely than response to intervention RTI Almost overnight RTI has become standard practice across the nation Unfortunately RTI remains ill defined falls far short of its evidence based practice goal is almost invariably misused and often results in more harm than good Nevertheless as a conceptual framework RTI has great potential for ensuring that students with disabilities receive appropriate evidence based instruction The mission of this handbook is to present a comprehensive and integrated discussion of response to intervention RTI and its relation to multi tiered systems of support MTSS in both special education and general education Although the two terms are currently used interchangeably distinct differences exist between them Therefore chapters are dedicated to distinguishing the two concepts RTI and MTSS and describing each one s unique role in both general and special education In addition the authors recommend a third term Multi Tiered Instruction to differentiate the practices related to the purpose of the specific intervention Genre in the Classroom Ann M. Johns,2001-11-01 For the first time the major theoretical and pedagogical approaches to genre and related issues of social construction are presented in a single volume providing an overview of the state of the art for practitioners in applied linguistics ESL EFL pedagogies rhetoric and composition studies around the world Unlike volumes that present one theoretical stance this book attempts to give equal time to all theoretical and pedagogical camps Included are chapters by authors from the Sydney School the New Rhetoric and English for Specific Purposes as well as contributions from other practitioners who pose questions that cross theoretical lines Genre in the Classroom includes all of the major theoretical views of genre that influence pedagogical practice takes an international approach drawing from all parts of the world in which genre theory has been applied in the classroom Australia Canada Hong Kong the Middle East the United States features contributors who are all both theorists and classroom practitioners lending credibility and authenticity to the arguments combines theory and practice in every chapter showing how particular theoretical views influence

classroom practice grounds pedagogical practices in their own regional and theoretical histories openly discusses problems and questions that genre theory raises and presents some of the solutions suggested and offers a concluding chapter that argues for two macro genres and with responses to this argument by noted genre theorists from three theoretical camps
