Mau,2016-08-09 This is one in a series of introductory books providing readers with an overview of the most frequently encountered legal principles This book presents an introduction to contract principles that apply in Hong Kong The new edition has been updated to reflect the current state of the law and to include newer cases both local and overseas The organisational structure has been revised for easier comprehension while keeping to the sequence in which a legally binding agreement is usually encountered Contract Law in Hong Kong is an easy to understand reference book for students practitioners non law professionals and the general public

BUYING GUIDE ALL NEW FOR 2005 ,2004 **Consumer Reports Buying Guide 2005** Consumer Reports,2004-10-26 **Textbook of Supply Chain Management** Ashish Bhatnagar,2010 *Refrigerator* Jonathan Rees,2015-09-24 Object Lessons is a series of short beautifully designed books about the hidden lives of ordinary things Have you ever thought seriously about your refrigerator The box humming in the background actually displays who you are and the society in which you live This book examines the past present and future of the electric household refrigerator with an eye towards preventing its users from ever taking it for granted again No mere container for cold Cokes and celery stalks the refrigerator is actually more like a mirror and what it reflects is chilling indeed Object Lessons is published in partnership with an essay series in the The Atlantic **Research Methodology** Umesh Kumar B Dubey,D P Kothari,2022-05-24 Research Methodology Techniques and Trends focuses on both undergraduate and post graduate courses and it helps readers understand the basic concepts and the application of results directly to real life business industry and research organizations Features Review questions are included at the end of each chapter to test conceptual understanding of the subject and put theory into practice which help in the understanding of key concepts and ideas In depth coverage of concepts and techniques Tables and figures are presented to illustrate the concepts and techniques Provides students with essential guidance on how to carry out their own research projects Covers a wide range of research methods approaches to research and ways of carrying out analysis of data This is a textbook on research methodology for doctoral and post doctoral programs post graduate courses such as MSc MBA MCA MS etc to name a few Though the book is primarily addressed to students it is equally useful to researchers and entrepreneurs as well *Official Gazette of the United States Patent and Trademark Office* United States. Patent and Trademark Office,2001 Smart Shopping Montreal Sandra Phillips,1992 Official Gazette of the United States Patent and Trademark Office ,1999 **Nantucket Red Tickets** Steven Axelrod,2017-11-07 Axelrod and his protagonist bring an amused judicious and ultimately tolerant eye to the foibles large and small of a mixed Santa s bag of characters Kirkus Reviews It s Christmas Eve on Nantucket and prominent businessman Jackson Blum is about to live out his own version of A Christmas Carol No visions no ghosts just the past represented by the exhumed

skeleton of his old partner Ted Coddington with a bullet from Blum's Ruger pistol in its skull the present in the form of a horribly mistreated employee who reveals Blum as the Scrooge he is and the future invoked by a family crisis that threatens to ruin the rest of his life Past Present and Future all colliding on the same dark night of the soul Nantucket Police Chief Henry Kennis is investigating the so cold Coddington case with Blum as the main suspect while he roots out a plot to rig the traditional five thousand dollar Red Tickets raffle and struggles to close down a local opioid dealer who's selling to high school kids from a house on Tuckernuck Island a bleak vista of wild moors dirt roads and unpainted homes a century old It's a time machine says Kennis With a whaling history Henry's own son has been accused of cheating his daughter's been pushed out of the high school a capella singing group and his girlfriend's Christmas play is careening toward disaster It looks like a calamitous holiday for everyone All the scandals tragedies and intrigues of the season close in on Blum and Kennis as the two of them face off amid the carolers and colored lights Finally there's nothing to save the modern day Scrooge from his terrifying future but a decades old secret scribbled on a stolen slip of paper and the uncertain mercy of the son he's lost But it's Christmas and as the snow finally starts to fall on the decorated trees that line Main Street it's just possible that all sins will be forgiven and all sinners redeemed God Bless us every one

Digital Capitalism and the Smart Society Mel van Elteren, 2025-01-01 Today's critics of big online platforms tend to consider privacy breaches monopolistic practices and the deployment of surveillance technologies as the main problems. Internet reformers suggest the answers to these issues reside in more and better regulations. While the questions of privacy, data, and size are indeed important, they are secondary, however, to a deeper set of concerns about platform ownership and control and who benefits from the current status quo. This book examines these issues and offers an historical overview and in-depth analysis of digital capitalism and its prevailing practices as it has become increasingly intertwined with various forms of online surveillance, behavior modification, and the delegation of managerial functions to algorithmic and automated systems in platform economies. The approach taken extends to the wider array of data-driven, internet-connected and automated systems that involve digital devices and technologies centered on three smart spaces: the smart self, the smart home, and the smart city. Antitrust and other regulatory measures by the European Union and the United States that are aimed at restraining platform capitalism are also discussed. The focus in particular is on recent developments regarding artificial intelligence and their potentially harmful implications. This is followed by a critical look at proposals for more far-reaching institutional reforms revolving around the creation of forms of platform socialism that build partly on existing practices of platform cooperativism. The book concludes with a diagnosis of the global situation among the competing digital empires: the United States, the European Union, and China, and considers whether or not, under the present conditions, any form of democratic platform socialism could materialize on a wider scale in the near future.
