

Perfect security at my fingertip! Samsung Smart Door Lock

The state-of-the-art personal fingerprint scanning method
Double Authentication Mode using both password and fingerprint scanning input
A safe door knob that prevents forced entry

Perfect security using the state-of-the-art personal fingerprint scanning method

Convenient authentication methods aimed to reduce worry over key loss or password hacking. This state-of-the-art fingerprint recognition system increases safety and security. Enhancing user convenience, easy door opening and closing access features, the key pad panel is covered automatically after pressing the door's center open lock button thereby enhancing the security of the fingerprint identification panel. Able to register and recognizing 100 fingerprints, this secure smart door lock system can as well be utilized for small and medium companies.

Dual password and fingerprint scanning input: Double Authentication Mode

With the Double Authentication Mode setting, home security is strengthened and allows for greater security access. Door opening access requires two authentication verifications, both password and fingerprint system input. Therefore it is safer and more secure. (It is imperative that while the Double Authentication Mode is on, you do not forget the password.)

Magic Number Double Security: Password Method

Resident security is heightened by preventing password exposure with the Magic Number Double Security access method. By pressing randomly selected numbers prior to entering the password, guessing passwords by fingerprint marks is prevented, therefore doubling security.

Assurance Knob: Secure door knob that prevents forced entry

Pushing the opening button and turning the knob when going out prevents any unauthorized access. Security is guaranteed as the alarm will sound when physical impact or repeated access authentication failure occur, therefore reducing the attempted intrusion. While away, when an alarm sounds when the valid function is initiated.

More Security: Automatic Lock and Double Lock Features

With the Auto Lock feature, the door lock is set to automatically lock the door after a set time and notify about having left the door unlocked. In the case of an emergency, such as a fire, the door can be opened by pressing the emergency release button. The Double Lock feature prevents the case of leaving the door open when a child goes out and the case of unauthorized entry attempts through the side inlet.

More Secure in an Emergency: Security assured, Samsung Digital Door Lock

The Samsung Digital Door Lock obtained exceptional grades in all safety and quality certification tests against electric shock, strength and fire prevention. With an advanced circuit design that enables the product to withstand high voltage electrical surges, safety is strengthened. Also, when a temperature of 60 degree Celsius and over is detected inside the resistance, the alarm will sound and the door lock will automatically opened. With a manual open feature, the door can be opened manually if an electronic malfunction occurs.

Neat Sound Adjustment

With this effective function, the sound volume can be adjusted when the number pad is pressed or the door is opened or closed during the time in the event of extra care needed, such as babies, family members, and even neighbors.

Battery Replacement Reminder Feature
When battery replacement time approaches, a reminder sound is played. When the door is opened, the door lock will play a sound to alert the user of the low battery level and prompt replacement.

Emergency Power Supply Feature
In the event that batteries run out, the door can be opened from the outside by using a 9V battery.
