Chromebooks are incredible to use but just like PC there are little tweaks to make your experience very good. When Google first introduced Chromebooks in 2011, it looked like a wonderful idea: a laptop that can only work a browser, who would want that? But with time, web apps slowly become more powerful and capable as Google has gradually improved the Chrome OS experience. Then Google went even further and added the capability to enable Android apps and still much more with Linux Desktop apps. What this means is that Chromebooks of 2019 and 2020 are nothing like the original experience. Today Chrome OS looks like a modern operating system that provides a first-class web browser, mobile apps, flexibility, and a desktop experience in one box. It can satisfy the need of almost all users with the notable exception of those who require video or advanced image editing. If you have set your Chromebook up properly, that is, let us get that done. The following are tips and tricks to get the best of the Chromebook. This guide will show you the best tips and tricks you need to know to get the best out of your Chromebook.
