Stevenson,2023-07-15 In 1941 influential US publishing magnate Henry Luce declared the world was in the midst of the first great American century believing his nation held the power and vision to lead and transform the world What did a newly outward looking and hegemonic United States mean for its northern neighbour North of America is a sharp eyed volume providing a unique look at postwar Canada bringing to the fore the opinions and perceptions of a broad range of Canadians from consumers to diplomats jazz musicians to urban planners and a diverse cross section in between As they grappled with issues including constitutional reform transit policy national security the arrival of television white supremacy and postwar domesticity Canadians were ever mindful of the unfolding American experience and its influence     **Canadian Who's Who 2007** Elizabeth Lumley,2007 Now in its ninety seventh year of publication this standard Canadian reference source contains the most comprehensive and authoritative biographical information on notable living Canadians Those listed are carefully selected because of the positions they hold in Canadian society or because of the contribution they have made to life in Canada The volume is updated annually to ensure accuracy and 600 new entries are added each year to keep current with developing trends and issues in Canadian society Included are outstanding Canadians from all walks of life politics media academia business sports and the arts from every area of human activity Each entry details birth date and place education family career history memberships creative works honours and awards and full addresses Indispensable to researchers students media business government and schools Canadian Who's Who is an invaluable source of general knowledge     **Canadian Who's who** ,1986

Selected Papers from the Transportation Seminar Series ,     *Disjunctures* Yann Allard-Tremblay,Assistant Professor Department of Political Science McGill University Senior Research Associate African Centre for Epistemology and Philosophy of Science Yann Allard-Tremblay,2025-10-10 Disjunctures demonstrates the transformative potential of Indigenous political traditions in settler states that seek reconciliation Though there exist irreconcilable differences between Indigenous and dominant Euro modern political structures and identities Yann Allard Tremblay argues that these disjunctures highlight a way forward In contrast to Euro modern politics Indigenous ways of thinking and acting politically emphasize harmony not just among humans but within the broader ecological context Reconciliation thus requires a deep transformation of political theory and conduct to recenter decolonial Indigenous political traditions     **The Canadian Anaesthetists' Society Journal** Canadian Anaesthetists' Society,1975     **The Canadian Encyclopedia** James H. Marsh,1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988

teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada s motto and a good description of this volume s range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada s finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada
