Pornographic Archaeology Zrinka Stahuljak, 2012-10-08 In *Pornographic Archaeology* Medicine Medievalism and the Invention of the French Nation Zrinka Stahuljak explores the connections and fissures between the history of sexuality nineteenth century views of the Middle Ages and the conceptualization of modern France This cultural history uncovers the determinant role that the sexuality of the Middle Ages played in nineteenth century French identity Stahuljak s provocative study of sex blood race and love in nineteenth and early twentieth century medical and historical literature demonstrates how French medicine s obsession with the medieval past helped to define European sexuality race public health policy marriage family and the conceptualization of the Middle Ages Stahuljak reveals the connections between the medieval military order of the Templars and the 1830 colonization of Algeria between a fifteenth century French marshal and the development of Richard von Krafft Ebing s theory of sadism between courtly love and the 1884 law on divorce Although the developing discipline of medieval studies eventually rejected the influence of these medical philologists the convergence of medievalism and medicine shaped modern capitalist French society and established a vision of the Middle Ages that survives today Interpretation Des Heiligen Martin Kriele, 1999 The hermeneutic path involved in the interpretation of law as well as in the interpretation of sacred texts though peculiar seems as Emilio Betti pointed out to share several things most importantly the normative nature of interpretation The 1999 issue of the Yearbook *Ars Interpretandi* accounts for the several and disparate relationships between these two important regional hermeneutics Poèmes Zamoureux Santos Duval,

Summoned to the Roman Courts Detlef Liebs, 2017-02-23 *Summoned to the Roman Courts* is the first work by Detlef Liebs an internationally recognized expert on ancient Roman law to be made available in English Originally presented as a series of popular lectures this book brings to life a thousand years of Roman history through sixteen studies of famous court cases from the legendary trial of Horatius for the killing of his sister to the trial of Jesus Christ to that of the Christian leader Priscillian for heresy Drawing on a wide variety of ancient sources the author not only paints a vivid picture of ancient Roman society but also illuminates how ancient legal practices still profoundly affect how the law is implemented today *The Unbridled Tongue* Emily Butterworth, 2016-02-12 *The Unbridled Tongue* looks at gossip rumour and talking too much in Renaissance France in order to uncover what was specific about these practices in the period Taking its cue from Erasmus s *Lingua* in which both the subjective and political consequences of an idle and unbridled tongue are emphasised the book investigates the impact of gossip and rumour on contemporary conceptions of identity and political engagement Emily Butterworth discusses prescriptive literature on the tongue and theological discussions of Pentecost and prophecy and then covers nearly a century in chapters focused on a single text Rabelais s *Tiers Livre* Marguerite de Navarre s *Heptameron* Ronsard s *Discours des miseres de ce temps* Montaigne s *Des boyteux* Brant me s *Dames galantes* and the anonymous *Caquets de l accouch e* In covering the long sixteenth century the book is able to investigate the impact of the French Wars

of Religion on perceptions of gossip and rumour and place them in the context of an emerging public sphere of political critique and discussion principally through the figure of the public voice which although it was associated with unruly utterance was nevertheless a powerful rhetorical tool for the expression of grievances The Cynic virtue of parrhesia or free speech is similarly ambivalent in many accounts oscillating between bold truth telling libert and disordered babble licence Drawing on modern and pre modern theories of the uses and function of gossip the book argues that despite this ambivalence in descriptions of the tongue gossip and idle talk were finally excluded from the public sphere by being associated with the feminine and the irrational

French Lyrics Arthur Graves Canfield,1899 **Gifjapegadoodle Abstracts 4** Douglas Gilbert,2017-11-13 This art is purported to be inspired by a rare ancient art form It adapts the technique of the ancient way of knowledge by insinuation These works are objects for meditation Hidden secrets inhere to a subtle line or color even if a modern dress disguises the intricate subtle matrix beneath a chaotic splash of gaudy glosses The inchoate ancient abstract forms were smuggled out through ancient portals to other galaxies hidden in the caves of Bhutan It is said that a thousand messages can be written into the crevices of a single stalagmite if beams of inspiration collide in the manner of the ancient prophecies that ingrained an enlightened code into the woven threads of silky wisdom But when is poetry abstract and when is it a riddle and a rhyme it depends on how long one dreams and sees stars in the sky and mind It is to be contemplated in the mind of the beholder A romp without pomp is best enjoyed in the last laugh that breezes the day in a grasp of joy

The Extraterrestrial Paintcoin 5 Douglas Gilbert,2018-02-25 Some visitors from Outer Space are finding it difficult to engage in commerce especially among their own compatriots living on Earth because they are not comfortable using Earth currencies such as the Dollar or the Euro And their fellow travelers could easily hack into the bitcoin system if they wanted to Therefore they are choosing a rare Earth object as a medium of exchange A small number of these objects are being released and the value will be determined based on the level of speculation as regulated by the League It will be legal tender on the home planet for the settlement of all debts accumulated while visiting Earth In the rare event that Earthlings acquire one of these objects they will be allowed to redeem them on any Extraterrestrial planet belonging to the League at a rate to be determined by the local jurisdiction An Earth artisan has been chosen to create such object It is a combination of primitive Earth graphics and poetry disguised to avoid suspicion when traded

The Novel of Worldliness Peter Brooks,2016-04-19 Contending that a search for realism distorts the writing of Cr billon Marivaux Laclos and Stendahl Peter Brooks considers their novels with reference to the manner in which the characters explore their worth and pursue their own systems of

relationships The novels discussed are used as examples of the fictional exploitation of the drama inherent in man's social existence and the encounters of personal styles within the framework and code provided by a coterie which is an object of conscious cultivation for its own sake The author gives detailed readings of the four authors' works and moves backward to consider the seventeenth century moralists and the drawing rooms in which literary forms applied to social man were eloquently elaborated Originally published in 1969 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 OEuvres Complètes de H. de Balzac Honoré de Balzac, 1877 **Multilingualism in the Movies** Lukas Bleichenbacher, 2008 After Utopia Judith N. Shklar, 2020-04-07 A political philosophy classic from one of the foremost political thinkers of the twentieth century After Utopia was Judith Shklar's first book a harbinger of her renowned career in political philosophy Throughout the many changes in political thought during the last half century this important work has withstood the test of time In After Utopia Shklar explores the decline of political philosophy from Enlightenment optimism to modern cultural despair and she offers a critical creative analysis of this downward trend She looks at Romantic and Christian social thought and she shows that while the present political fatalism may be unavoidable the prophets of despair have failed to explain the world they so dislike leaving the possibility of a new and vigorous political philosophy With a foreword by Samuel Moyn examining After Utopia's continued relevance this current edition introduces a remarkable synthesis of ideas to a new generation of readers
