

The background image is a landscape photograph. In the foreground, a railway crossing with a crossbuck and flashing lights stands on the left. A gravel path leads from the crossing towards the horizon. The middle ground shows a flat, open landscape with some sparse vegetation and a few distant trees. The sky is filled with dramatic, layered clouds in shades of orange, yellow, and brown, suggesting a sunset or sunrise. The overall mood is somber and atmospheric.

## Un Autre Eden:

, Infertility and the Novels of Sophie Cottin Michael J. Call, 2002 Caught between the ideological positions she had embraced and the reality of her sterility she cast about for alternatives In the early years of her widowhood she took up writing in a serious way admitting that she found writing therapeutic Her story little known to modern readers on either side of the Atlantic may nevertheless be a perfect case study of a woman's coming to writing in post revolutionary France This book explores the crucial connections between her self perceived defectiveness and her literary production Jacket **The Films of Alain Robbe-Grillet** Roy Armes, 1981-01-01 Alain Robbe Grillet 1922 2008 was a French writer and filmmaker His first involvement with the cinema was in the early 1960 s scripting one of the most controversial films of the decade *L'Année dernière à Marienbad* directed by Alain Resnais In this study the focus lies on the cinema of Robbe Grillet Each chapter deals with a specific film and a specific aspect of his work **Origins and Identities in French Literature**, 2023-11-27 The essays in this volume investigate origins and identities of individuals and groups in French literature from the seventeenth century to the present as well in French literature in general They show how as France developed a national identity through its literature individuals of various origins searched for their own identities and often called into question not only traditional identities but also the very literary means of creating them *The Doctor, &c. ...* Robert Southey, 1834 **The doctor, &c. Fortescue, Esq** William Wyndham Grenville Baron Grenville, 1899 L'eau, enjeux politiques et théologiques, de Sumer à la Bible Stéphanie Anthonioz, 2009-10-23 This book investigates a corpus of royal inscriptions and literary texts with special emphasis on those that are mythological and biblical stretching over several millennia from the early days of Sumer to the Biblical period in order to determine the ways in which the concept of water was used in particular the way it functions in the political and theological ideology of the time Three literary motifs are the object of a careful study the crossing of water the flood and the water of abundance Though their study shows diversity in evolution transmission and reception it appears that their function is common at the heart of the Mesopotamian political theology of royal mediation **The Manuscripts of J.B. Powers, 2016-04-15 Confronting Evil The Psychology of Secularization in Modern French Literature holds that the concept of evil is central to the psychology of secularism Drawing on notions of secularization as a phenomenon of ambivalence or dualism in which religion continues to exist alongside secularity in exerting influence on modern French thought author Scott M Powers enlists psychoanalytic theory on mourning and sublimation the philosophical concept of the sublime Charles Taylor's theory of religious and secular cross pressures and

William James's psychology of conversion to account for the survival of religious themes in Baudelaire Zola Huysmans and C line For Powers Baudelaire's prose poems Zola's experimental novels and Huysmans's and C line's early narratives attempt to account for evil by redefining the traditionally religious concept along secular lines However when unmitigated by the mechanisms of irony and sublimation secular confrontation with the dark and seemingly absurd dimension of man leads modern writers such as Huysmans and C line paradoxically to embrace a religious or quasi religious understanding of good and evil In the end Powers finds that how authors cope with the reality of suffering and human wickedness has a direct bearing on the ability to sustain a secular vision
