Butler,1991 The Iraqi invasion of Kuwait on August the 2nd 1990 and the resultant decision by the President to deploy land air and naval forces to protect Saudi Arabia and the United Arab Emirates led since August the 8th 1990 to a steady measured commitment of soldiers sailors airmen and supporting equipment to Southwest Asia That commitment which began approaching its apparent apex by early November suddenly broadened on the 8th of that month when the President expanded the original defensive objective to entail the liberation of Kuwait His policy addendum called for doubling the 200 000 men in Southwest Asia to about 400 000 and he gave Iraq a January the 15th 1991 deadline to quit Kuwait or face massive military force Overall American policy in this matter could therefore be considered roughly three phased one the original defensive deployment of 200 000 strong August 8 November 8 1990 two the reinforcement to attack strength of about 400 000 November 8 1990 to January 15 1991 and three January 16 1991 to February 27 1991 war **Monthly Catalog of United States Government Publications** ,1995 *Monthly Catalogue, United States Public Documents* ,1991-05 **General Aircraft Maintenance Manual** United States. **Manuals Combined: WARRIOR TRAINING CENTER Air Assault School Handbook, 101st Airborne Division (Air Assault) The Sabalauski Air Assault School Handbook & 101st Airborne Division (Air Assault) Gold Book** , Air Assault is a combat insertion unit using helicopters to transport and insert soldiers into battle provide medical evacuation provide close air support provide resupply operations It is usually a company or bat talion sized element The term Air Assault derives from two types of operations known as Air Mobility and Vertical Envelopment Air Mobility Operations were de veloped by the German Army during WWII in the 1930 s The US Army soon adopted this method of offensive operations in 1941 using wooden gliders The glider was assisted into the air by being towed by a larger aircraft and then released The pilot had to navigate the large glider loaded with a team of infantry soldiers to the landing zone behind enemy lines at night and attempt to land safely Once the pilot landed the glider he would join the mission as another infantry soldier with the team that he flew in Although the gliders and techniques used were advanced for that time period they did pose some disadvantages Once the aircraft was landed safely that team of soldiers were cut off from allied troops Pilots had to be cross trained with infantry tactics so he could operate as both roles The air mobility glider was abandoned after WWII after the invention of the helicopter

PREFACE 1 November 2011 1 The Sabalauski Air Assault School TSAAS is a FORSCOM TDA unit that trains leaders and Soldiers assigned to the 101st Airborne Division Air Assault as well as other Army units and armed services in several courses By conducting the Air Assault and Pathfinder Courses The Sabalauski Air Assault School develops technically proficient and confident Soldiers capable of safely executing immediate and sustained air assault operations The school also trains and qualifies military Rappel Masters Fast Rope Masters and SPIES Masters in the application of infiltration and extraction techniques The school provides quality basic airborne refresher and jumpmaster refresher training to airborne capable units Finally the school provides command and control of the 101st Airborne Division Air Assault Screaming Eagle Parachute Team 2 This handbook is designed to facilitate the mission of the school serving as a baseline of information for the Air Assault Course It is not a substitute for applicable Army regulations field manuals training circulars or technical manuals but it is designed to complement the guidance in these publications in the area of air assault operations The 101st Airborne Division Air Assault disclaims any responsibility for incidents occurring while applying these

procedures 3 The proponent for this handbook is the Commander of The Sabalauski Air Assault School This 2011 update provides users with the latest doctrinal information regarding Air Assault Operations Users of this publication are encouraged to recommend improvements or changes in writing to ACoFS G3 5 7 DPTM ATTN AFZB K GT AA Fort Campbell KY 42223 5000 The 101st Airborne Division Air Assault has a long and rich heritage As the world s only functional Air Assault Division the 101st Airborne has pioneered the development of Air Assault tactics techniques and procedures TTPs These tactics were quantifiably demonstrated in 1991 during Operation Desert Storm and most recently during Operation Enduring Freedom and Operation Iraqi Freedom We are currently at war with dangerous and adaptive terrorist forces in complex environments In response the Division continually refines its TTPs exploiting our unique capabilities to defeat our nation s enemies This reference publication The Gold Book June 2014 re establishes the baseline for the planning and execution of Air Assault operations
