Masturbation in Pop Culture Lauren Rosewarne, 2014-10-15 Through reference to over six hundred scenes from film and television as well as a diverse and cross disciplinary academic bibliography Masturbation in Pop Culture investigates the role that masturbation serves within narratives while simultaneously mirroring our complicated relationship with the practice in real life and sparking discussions about a broad range of hot button sexual subjects From sitcoms to horror movies teen comedies to erotic thrillers autoeroticism is easily detected on screen The portrayal however is not a simple one Just as in real life a paradox exists where most of us masturbate and accept it as normal and natural there simultaneously exists a silence about it that we do it but we don't talk about it that we enjoy it but we laugh about it The screen reflects this conflicted relationship It is there hundreds and hundreds of times but it is routinely whispered about mocked and presented as a punchline and is inevitably portrayed as controversial at the very least Masturbation in Pop Culture investigates the embarrassment and squeamishness sexiness and inappropriateness of masturbation showcasing and analyzing how our complex off screen relationship is mirrored in film and television

Intimacy on the Internet Lauren Rosewarne, 2016-04-14 The focus of this book is on the media representations of the use of the Internet in seeking intimate connections be it a committed relationship a hook up or a community in which to dabble in fringe sexual practices Popular culture film narrative television the news media and advertising present two very distinct pictures of the use of the Internet as related to intimacy From news reports about victims of online dating to the presentation of the desperate and dateless the perverts and the deviants a distinct frame for the intimacy Internet connection is negativity In some examples however a changing picture is emerging The ubiquitousness of Internet use today has meant a slow increase in comparatively more positive representations of successful online romances in the news resulting in more positive spin advertising and a more even handed presence of such liaisons in narrative television and film Both the positive and the negative media representations are categorised and analysed in this book to explore what they reveal about the intersection of gender sexuality technology and the changing mores regarding intimacy

A Nation Is Born Shaul Bar, 2016-05-31 A life's journey that started with a struggle and deception continues into adulthood Jacob's life was full of drama feuding with his brother Esau wrestling with an angel and jealousy between his wives Rachel and Leah One beloved wife who is barren at first and one unloved wife who is blessed with sons Fathering children who formed the twelve tribes of Israel The Jacob story invites

the reader into tensions between settling and wandering hope and despair trickery and fidelity faith and doubt These stories reflect Jacob s life and his struggles with people and God Regarding the Jacob stories the question of their composition and historical value has captured the attention of Biblical scholars for centuries Some view these accounts as myths or literary epics So what is behind these stories To answer these questions the author examines the patriarch s beliefs customs and daily life In this book the author provides provocative and useful answers regarding who the father of the nation of Israel was

Science, Politics, and Friendship in the Works of Thomas Lovell Beddoes Ute Berns, 2011-11-25 This study reevaluates the work of the scientist and radical poet and dramatist and English exile in Germany Thomas Lovell Beddoes 1803 1849 While his writing has elicited high praise from poets ranging from Robert Browning through Ezra Pound to John Ashbery scholars have frequently neglected it on grounds of its purportedly morbid and opaque eccentricity Countering this scholarly perception this book deftly relocates Beddoes s poetry drama and prose at the centre of Anglo German debates on aesthetics and life science politics and theatre in an early nineteenth century European context Aided by his letters from Germany the book re creates the intercultural discursive universe in which Beddoes easily moves from Shakespeare s plays or the aesthetic experiments of Shelley and his circle to Goethe and to topics debated among Heinrich Heine and the Jungdeutschen from the most advanced contemporary scientific research to the post Napoleonic politics of the German radical students organisations and from Byron Baillie and London s illegitimate theatre to Schiller s and Tieck s highly charged reflections on male male friendship The study combines historicist strategies with theories of performance performativity and visibility as it focuses in particular on Beddoes s major and defining work *Death s Jest Book* first completed in 1829 and published posthumously after much revision in 1850 This study shows how *Death s Jest Book* as both drama and poetry devises complex perspectives on scientifically inspired notions of life and history how it forges a radical vision for post Napoleonic Europe and how it links this vision to a daring conception of desiring gendered selves The book pays close attention to the dialogue Beddoes s writing maintains with Early Modern literature and it highlights the proto modernist features that link his work to that of Bchner Grabbe and a European theatre avant garde This innovative study of Beddoes s work cutting across current investigations into politics gender and science in intercultural Romantic Studies should be of interest to scholars and students of British Romantic and Victorian studies as well as of German Vorm rz studies and to students and scholars of drama and theatre as well as Queer studies

ritualist theory of myth Since Smith's time the ritualist theory of myth has found adherents not only in biblical studies but in classics anthropology and literature as well Smith's accomplishments are seen most fully in *Religion of the Semites* adapted from a number of public lectures he gave at Aberdeen and first published in 1889 Smith delivered three courses of lectures over three years It is this set that is reprinted here Only recently were the notes for the second and third courses of lectures discovered and published *Religion of the Semites* combines extraordinary philological erudition with brilliant theorizing Among the fundamental emphases of the book are the foci on sacrifice as the key ritual and non ancient sacrifice as communion with God rather than as penance for sin Most important is Smith's use of the comparative method he uses cross cultural examples from other primitive peoples to confirm his reconstruction from Semitic sources Smith combines pioneering sociology and anthropology with a staunchly Christian faith For him Christianity is an expression of divine revelation For Smith only continuing revelation can account for the leap from the collective ritualistic and materialistic nature of ancient Semitic religion to the individualistic creedal and spiritualized nature of Christianity Lectures on th
