Un Aristocrate Dans La Tourmente:

Un aristocrate dans la tourmente Madeleine Arnold-Tétard, 2006 *The French Army, 1750-1820* Rafe Blaufarb, 2002
This book crosses the chronological boundary of 1789 to bring the histories of the Old Regime Revolution Empire and Restoration together *France 1715-1804* Gwynne Lewis, 2018-12-14 Gwynne Lewis history opens with a full analysis of all the components of traditional France including political and religious structures the seigneurial system the bourgeoisie and the poor Part two examines the meaning and challenge of the Enlightenment with particular reference to women and the mass of the poor Part three concentrates upon the relationship between the shift to laissez faire economics popular revolts and government repression providing the essential background to the Revolutionary decade of the 1790s The Revolution witnessed the rise of a politicised Popular Movement that achieved briefly a measure of popular democracy War and counter revolution blocked the move towards real democracy strengthened the authority of the centralised state and enhanced the credibility of bourgeois political and economic power One of the main contentions of this work is that the failure of both monarchical and Revolutionary regimes to deal with the massive social problem of poverty played a far larger part in explaining the collapse of the Bourbons in 1789 and the failure of democracy during the 1790s than most historians have allowed Likewise the importance of religion in directing the momentous events of this period has also been underestimated
