Un Autre Regard:

Un Autre Regard Ludovic RIBERE, 2014-05-13 , Homéopathie en polypathologie Didier Deswarte, 2018-02-13 L'homéopathie permet une prise en charge globale et dans toute leur complexité de patients qui cumulent plusieurs pathologies. Elle place la réaction individuelle de la maladie au cœur de la prise en charge thérapeutique. La fois théorique et pratique, cet ouvrage rappelle avec précision les notions clés de polypathologie systémique iatrogène et les approfondit selon les contextes cliniques et la notion de terrain. Les nombreux cas cliniques et exemples de prescriptions permettent au praticien de maîtriser et transposer concrètement toutes ces notions. Outil de support pour les médecins lors de leurs premières prescriptions en homéopathie, l'ouvrage apporte également de nouveaux éclairages aux plus expérimentés pour redonner unité et cohérence aux soins.

Dopage Olivier Coste, Philippe Liotard, Karine Noger, Albane Andrieu, 2017-09-26 Le sportif dopé est fréquemment montré du doigt souvent sans analyse des raisons qui l'ont poussé à consommer une substance interdite. L'ouvrage propose une approche pluridisciplinaire inédite sur le dopage. Plus d'une trentaine d'auteurs vous livrent des pistes de réflexion organisées en quatre temps : le mariage forcé entre dopage et performance, les liaisons dangereuses entre dopage et santé, le rapport du dopage à la loi et à la morale, l'éthique d'intervention en prévention du dopage. Le lecteur dispose ainsi d'éléments de réflexion lui permettant d'élargir son champ de vision par rapport aux propos habituels tenus sur le dopage. Les analyses critiques, les regards croisés, les études de cas et les applications pratiques proposées l'invitent à interroger pour comprendre plus finement les faits de dopage et les principes de prévention.

Jean-Luc Godard's Political Filmmaking Irmgard Emmelhainz, 2019-04-26 This book offers an examination of the political dimensions of a number of Jean-Luc Godard's films from the 1960s to the present. The author seeks to dispel the myth that Godard's work abandoned political questions after the 1970s and was limited to merely formal ones. The book includes a discussion of militant filmmaking and Godard's little-known films from the Dziga Vertov Group period which were made in collaboration with Jean-Pierre Gorin. The chapters present a thorough account of Godard's investigations on the issue of aesthetic political representation including his controversial juxtaposition of the Shoah and the Nakba. Emmelhainz argues that the French director's oeuvre highlights contradictions between aesthetics and politics in a quest for a dialectical image. By positing all of Godard's work as experiments in dialectical materialist filmmaking from *Le Petit soldat* (1963) to *Adieu au langage* (2014), the author brings attention to Godard's ongoing inquiry on the role filmmakers can have in progressive political engagement.

Négritude Isabelle Constant, Kahiudi C. Mabana, 2009-03-26 Doit-on considérer la Négritude comme un mouvement ancré dans la fin de la période coloniale et sur lequel il n'y a plus lieu de revenir ? C'est une des questions que le colloque qui s'est tenu à l'Université des West Indies à Barbade en l'honneur du centenaire de la naissance de Senghor s'efforce d'explorer. Lylian Kesteloot nous rappelle encore récemment dans son étude *Caire et Senghor* un pont sur l'Atlantique, l'importance de ce mouvement qui entre les années trente et soixante a participé à la naissance de la littérature africaine. La question du particularisme que le mot Négritude implique et

de son opposé universel sera largement débattue dans les pages de cet ouvrage. Les articles de cet essai discutent les défauts essentialistes de la Négritude senghorienne mais galemment le fait que dans les termes de Senghor la Négritude est un mythe donc une construction identitaire l'expression d'une invention. Il envisageait par exemple l'avènement d'un socialisme africain dans une interprétation unique du marxisme. En tant que mouvement politique philosophique littéraire ou en tant que réponse idéologique à une oppression, les auteurs africains et antillais, tous ici et qui traitent de thèmes très contemporains, montrent la vivacité de la Négritude toujours d'actualité dans sa présentation des cultures. Il faut bien entendu dépasser la notion raciale contenue dans le terme et insister sur le culturel, le philosophique et l'esthétique pour accepter que la Négritude ait une pertinence actuelle. Notamment, nous verrons que la Négritude s'est métamorphosée aux Antilles ou au Brésil en idées originales, projets idéologiques et esthétiques.

Should Negritude be seen as a movement that originated at the end of the colonial era and merits no further study in this contemporary world? This is one of the questions explored in the Colloquium held at the University of the West Indies, Barbados, to mark the centenary of the birth of Léopold Sédar Senghor. In a recent study, Césaire et Senghor, *Un pont sur l'Atlantique*, Lylian Kesteloot reminds her readers of the importance of Negritude which contributed to the emergence of African literature between 1930 and 1960. The idea of essentialism which the word Negritude implies as well as the opposite idea of universalism will be widely discussed in the pages of this work. This collection of essays acknowledges the essential shortcomings of Senghor's Negritude but at the same time underlines the fact that in Senghor's words Negritude is a myth and therefore has to do with the construction of an identity and is the expression of an imaginary creation. It envisaged for example the creation of an African form of socialism within a unique interpretation of Marxism. In this volume, African and Caribbean writers who are concerned with contemporary issues demonstrate the vitality of Negritude as a poetic, philosophical and literary movement and as an ideological response to oppression that is still relevant in its presentation of cultures. Clearly it is necessary to go beyond the notion of race implied in the term and to focus on the cultural, philosophical and aesthetic elements in order to appreciate the relevance of Negritude today. Most notably in the Caribbean or Brazil, Negritude has been transformed into original ideological and aesthetic projects.

The Edinburgh Review, Or Critical Journal: ... To Be Continued Quarterly, 1850 **the edinburgh review, of critical journal** Charles Black, 1850 *The Edinburgh Review*, 1850 **Literary Translation, Reception, and Transfer** Norbert Bachleitner, 2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena they are based on similarities that are related to a form of travelling and imitation or adaptation of entire texts genres forms or contents Transfer comprises all sorts of travelling with translation as a major instrument of transferring literature across linguistic and cultural barriers Transfer aims at the process of communication starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture Reception lays its focus on the receiving culture especially on

criticism reading and interpretation Translation therefore forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers Moreover translations are the prime instrument in the distribution of literature across linguistic and cultural borders thus they pave the way for gaining prestige in the world of literature The thirty eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna They are ample proof that the field remains at the center of interest in Comparative Literature
