Affiches de guerre, guerre d'affiches Aimée Dion,2024-08-28T00:00:00-04:00 Aim e Dion propose une incursion dans l univers culturel de la Grande Guerre tel que racont par le mat riel promotionnel de guerre Appuy sur l analyse discursive et iconographique des affiches de guerre canadiennes fran aises et irlandaises le pr sent ouvrage analyse le ph nom ne de la mobilisation de guerre sous le prisme du nationalisme Algeria in Others' Languages Anne-Emmanuelle Berger,2002 For decades the superimposition of languages in Algeria has had growing cultural and political consequences The relations between identity and language already complicated before independence became all the more entangled after 1962 when the new state imposed standard Arabic as the sole national language The vernacular brand of Arabic spoken by the majority of the population as well as Berber spoken by an important minority were denied legitimacy Moreover French the colonial language continued to be important all the while that its position changed The violence that ensued in the late 1980s cannot be fully understood without considering the politics of language This timely book is devoted to Algeria s linguistic predicament and the underlying disagreements over notions of identity power and belonging What problems arise when a new national language is adopted by a postcolonial state How does the status of the former colonial language change What becomes of the original mother tongue s of the populace The authors of Algeria in Others Languages address these questions as they explore the historical cultural and philosophical significance of language in Algeria and its relation to issues of politics and gender Their topics range from analyses of political violence to the status of the principal of evidence in the legal system to the place of Francophonie in the 1990s The authors represent the fields of literature history sociology sociolinguistics and postcolonial and gender studies some are also historical players in Algeria s linguistic debates

European Democracies Against Terrorism Reinares Fernando,2019-07-15 This title was first published in 2000 In this multidisciplinary volume contributors critically assess the different measures designed and implemented by western European democratic governments since the late 1960s in order to counter the challenge of terrorism The work also analyzes the problems and perspectives surrounding intergovernmental co operation against such evolving phenomenon as developed within the framework of the European Union *La Société des nations* ,1924 **Revue française de science politique**

,2006 *Between Ballots and Bullets* William B. Quandt,2001-09-19 In the Arab world as elsewhere authoritarian regimes have come under pressure for change As yet however democracy has not taken root as an alternative form of governance This book on Algeria looks at both the erosion of the authoritarian model and the difficulties of making a transition to democracy Within the past decade Algeria experienced one of the most promising experiments of opening up the political system and allowing a remarkable degree of freedom That initial effort failed however when elections were won by an Islamist party that was unacceptable to the military and it was followed by an explosion of political violence that in recent years has cost at least 75 000 lives Despite this deep crisis there are reasons to believe that Algeria may emerge from its turmoil with a consensus on the need to respect pluralism and to accept the basic rules of democratic politics Blending theoretical insights with an analysis of the Algerian case this book demonstrates that democratization is likely to be a difficult process in the Middle East but that the prospects for eventual success are not as gloomy as often asserted by those who see an incompatibility between democracy and Islam

Censorship Derek Jones,2001-12-01 Censorship A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance Censorship will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression

UN NOUVEAU PARADIGME DE LA VIOLENCE (n° 29-30) ,1998-03-01 Les transformations récentes de la violence depuis les années soixante et soixante dix sont si considérables qu'elles justifient d'explorer l'idée de l'entrée dans une nouvelle et de l'celle d'un paradigme nouveau de la violence qui caractériserait le monde contemporain Qu'il s'agisse des manifestations tangibles du phénomène des représentations qui en circulent ou de la façon dont les sciences l'abordent de si profonds changements sont en effet en jeu qu'il est légitime de mettre l'accent sur les inflexions et les ruptures de la violence plus que sur des continuités qu'il n'est pas question pour autant de sous-estimer

Nation, nationalités et nationalismes en Europe Patrick Cabanel,1996 *La question corse* Xavier Crettiez,1999 Le nationalisme de contestation Christophe Traisnel,2004

Étudier la religion au Québec : regards d'ici et d'ailleurs Jean-Philippe Perreault,2020-11-27T00:00:00-05:00

Affirmer que nous sommes au seuil d'une nouvelle époque dans l'étude scientifique du religieux au Québec serait sans doute exagérer Quelques observations le suggèrent néanmoins reconfigurations institutionnelles dont les effets demeurent difficiles valuer fermetures de facultés et ouvertures de centres de recherche ou instituts interdisciplinaires pour l'objet religieux chez les universitaires qui ne identifient pourtant pas leurs travaux comme relevant des sciences des religions ou de la théologie entrant en scène d'une génération de chercheurs ayant intégré un nouvel habitus professionnel internationalisation des parcours

multiplication des publications financiarisation de la recherche etc actualit qui place certaines expressions du religieux au c
ur des d bats de soci t Il y a l une situation saisir et comprendre C est cet objectif ambitieux que se sont fix trente neuf
universitaires du Qu bec et d ailleurs en autant de th mes qui tentent de circonscrire les transformations qu b coises d un
champ d tudes et de son objet religieux volution des institutions et des associations savantes nouveaux enjeux pist
mologiques expressions socioreligieuses contemporaines mises en comparaison internationales Au terme de cet exercice en
forme de bilan persiste une lancinante question et si la fondation qu b coise des sciences des religions demeurerait inachev e
