Baker, 2015-07-30 Introduction to ESOTERIC ASTROLOGY VOL 6 Colloquialisms and Clich's By Dr Douglas M Baker This volume is a unique dictionary of permutations in the form of colloquial sayings and clich s translated into their astrological equivalents A very valuable reference work for those interpreting astrological charts The modes of expressing a language may indicate powerful subjective forces at play deep in the unconscious structure of the Race using that language This is particularly true of English which has become the international language for reasons not entirely connected with political developments The virility of the Anglo Saxon sub race is based largely on esoteric foundations as anyone will soon find if he studies a simple handbook of Theosophy Idiomatic language reflects the character of the people expressing it and releases numinous energies from their unconscious Anyone who understands the significance of the mantram of invocations and words of power will quickly apprehend the energies that lie packaged with proverbs which themselves are surfacings of racial wisdom Energy and meaning underlie words as much as they do images and thoughts Equally so the incessant use of certain phrases exhausts their associate energies and degrades them to the level of shallow inanities which we call clich s The clich is resorted to by those who are in a hurry to express something or who are mentally lazy or ill equipped in the language itself Their frequent usage shows him up clich and anyone watching television in which an interview is suddenly thrust upon a trade union leader knows what this does for the latter s image I choose my words with care Phrases like at this moment in time and other banalities such as the point is render the interview a farce and its impact becomes negligible Nevertheless the clich does indicate that the Race is trying to express again and again certain elements of its unconscious By allocating appropriate astrological glyphs to the clich being expressed we can soon come to recognise the qualities of those underlying archetypes This is as true for the individual as it is for the Race Collective unconscious Archetypes Deep racial unconscious Myth legend and fable Individual s Soul s purpose Precepts Superficial racial unconscious Proverbs Individual s personal clich unconscious conversationism colloquialism By correlating any of the above

with the appropriate astrological aspect for it related meanings and energies lying deeply or superficially in the native s unconscious or openly in his personality are quickly revealed The deeper structures when they are related through their astrological aspect directly to the Rising Sign and its esoteric ruler etc are indicative of the native s Soul s purpose Permutations of any aspect reveal meanings covering the whole range of a person s nature from the level of his Soul right through to the components of his personality from psyche and Self to ego Douglas M Baker England April 1980

Baker, 2015-05-24 Esoteric Astrology Vol 5 Rising Signs Libra through Pisces The Theory Interpretation and Practice This publication takes a new and revitalised look at astrology It is simple to understand yet remains a powerful tool capable of providing a solid foundation for the comprehension of this broad and magnificent subject This textbook like most of Dr Baker's printed books eBooks and DVDs enhances your studies via many charts lists tables and images over 100 in this one This major work is a very comprehensive introduction for those who want to study this subject in earnest and for the more advanced student it will serve as an essential reference manual In today's computer based world it is no longer necessary to spend hours calculating a horoscope when the most modest PCs can do it in seconds and with 100% accuracy Consequently the needless paraphernalia usually associated with learning astrology has been stripped away Emphasis is placed on the application of astrology to the unique problems of the modern world its use as a method of revealing purpose and meaning in life and ultimately as a key to the psychosynthesis of personality The horoscope is described in comprehensive detail with special attention given to the esoteric ruling planets of the zodiac signs which are more relevant than orthodox rulers in the charts of spiritually minded people The new rulers also accommodate the immense changes in external conditions and inner consciousness that have occurred in the last hundred years and are related to a new range of experience which the brain registers as the externa of the modern world. The significance of karma is represented for it gives dramatic effect to our daily actions and the third factor of esoteric psychology lying beyond our understanding of heredity and environment is given full prominence This integrative and enriching work can be read alone as a fascinating introduction and foundation to the New Astrology or can be followed up with the author's extensive range of astrological books and video tapes audio lectures and the all embracing Dictionary of Astrology for the 21st Century Together they provide a complete system for the professional and novice alike containing efficient and extraordinary techniques of interpretation which have never been used before and which halve the time required to assimilate and practise astrology **Introduction to Vedic Astrology-Volume II** Ram Babu Sao, 2025-02-19 Money is Prosperity The book Introduction to Vedic Astrology Volume II is a unique book which is very informative and also easy to understand One book is truly the equivalent of several books on astrology You can make predictions of horoscope for you or any member of your family with the help of this single book This

Baker This very important work is based on an analysis of the horoscope placing emphasis on the Rising Sign as it expresses the Soul's Purpose and its nuances Thus the universal approach is yet maintained but brought to bear on the specific or existential features of the individual s horoscope Via 16 detailed analyses in this volume the earnest student or professional astrologer is given in depth information regarding Karma previous lives chakras myth objects for meditation the Ray of the Soul and of course the Soul's purpose for the personality Vol 8 treats cases 17 33 The introductory section explains Symbols and Methods used Planetary Rulers Chart Interpretation Permutations in Basic Symbols Compound Complexes The Rising Sign House Cusps Sun Earth Opposition Astrological Parsing Literal Parsing Aspects Use of Angular Aspects Planet Sign House Influences Intercepted Signs Retrograde Planets Karmic Indications in the Horoscope Whilst esoteric astrology is primarily concerned with the hegemony of the soul as it progressively asserts itself in the life of the individual it is also capable of providing the personality with direction and useful advice When we are dealing with Man on the Path a far far more accurate an interpretation of his situation its potentials and limitations for expression is given here by using the esoteric rulers of the Signs of the Zodiac as demonstrated in esoteric astrology The development of the computer has made the horoscope available to the millions and it is but a matter of time before the same computers begin to sieve out the real from the unreal In the end however the real is only discovered within and the fullest exposition of esoteric astrology gives the keys to such discoveries within and their correlation to wide and more universal principles To ignore the individual horoscope is to leave astrology esoteric or exoteric with feet of clay What this writing represents is a wiser and more psychosynthetic interpretation of the horoscope Thus providing the interpreter views the horoscope from a point of higher synthesis the most accurate interpretation of a personality matter may be gauged from particular astrological aspects Bailey herself or the Tibetan Master through her gave the key to the psychosynthetic approach by allocating esoteric rulerships to the Signs for Man on the Path and a further set of rulers called hierarchical which apply to those disciples who are initiate and engaged in the work of the Hierarchy of this planet as It implements the Divine Plan for the Earth Lunar Astro Magazine 2022 (Vol 2) Deepanshu Giri, Sharing Lunar Astro magazine we started this magazine with intention of sharing knowledge it took us time to find some rare gems across the country especially in Uttarakhand and Himachal to share some of the core secrets of astrology This edition you will get flavour of what we have unearthed I can t explain the length and breadth team has gone through to get this knowledge for everyone **End Time Signs** Kurt B.
