Mayberry, 2023-12-05 In thousands and maybe even millions of homes basements and attics all around the world are boxes and boxes of old technology Old phones that will never make another call an old high school calculator with someone's initials etched on it While these old bits of tech are interesting they are not what this book is about This book is about that box containing the stuff your mum didn't want to throw away when you moved out The stuff you had spent hours days and months with The once brand new Nintendo Game Boy Advance and the twenty or so games you saved up and purchased It's in the attic if you want it your mum says I saw online those Game Boys and games are worth a bit now As you open the box you remember that you kept each game box and it's all still there Everything is in great condition Mario Kart Rayman Advance and even your favourite Pok mon Leaf Green Version As you get home and set yourself up on the lounge with a coffee and your newly reclaimed box of goodies you start to remember just how much fun this was Thinking back to when you would lie on your bed for hours levelling up your newly evolved Pok mon and visiting Brock's Gym What a great time even if your homework was left undone In this book I discuss Retro Gaming What it is Why it's a thing and my journey and all the learning and fun I've had along the way *The Rise & Fall of the Mounted Knight* Clive Hart, 2023-01-05

The medieval mounted knight was a fearsome weapon of war captivating and horrifying in equal measure they are a continuing source of fascination They have been both held up as a paragon of chivalry whilst often being condemned as oppressive and violent Occupying a unique place in history knights on their warhorses are an enigma hidden behind their metal armor and seemingly unreachable on their steeds This book seeks to understand the world of the medieval knight by studying their origins their accomplishments and their eventual decline Forged in the death throes of the Roman Empire the mounted knight found a place in a harsh and dangerous world where their skills and mentality carved them into history From the First Crusade to the fields of Scotland knights could be found and their human side is examined to see how these men came to both rule Europe and ride into enduring legend The challenges facing the mounted knight were vast and deadly from increasingly professional and competent infantry forces to gunpowder the rise of political unity and the crunch of finance The factors which forced the knight into the past help to define who and what they were as well as the legacy that they have left indelibly imprinted on the world The standout feature of this book is the focus on the equine half of the partnership from an author who practices the arts of horsemanship on a daily basis including combat with sword and lance The psychology of the horse refined by the experience of actually training warhorses has helped the author to add to the body of academic work on the subject This insight opens up the world of the mounted knight and importantly and uniquely challenges the perception of what he and his horse could really do *HWM*, 2007-01 Singapore's leading tech magazine gives its readers the power to decide with its informative articles and in depth reviews **Boys' Life**, 1962-11 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics
