Visions Bookthe Confrontation English Edition:

Theologies in Conflict in 4 Ezra Karina Hogan,2008-12-31 Recent scholarship on 4 Ezra has taken two divergent approaches the first reading the dialogues between Ezra and Uriel as a reflection of theological debates in the author s time and the second focusing on the psychological development of the protagonist Combining the two approaches this book offers a new interpretation of the dialogues as a literary representation of a debate between covenantal and eschatological wisdom two branches of Jewish wisdom that emerged in the late Second Temple period The inconclusive quality of the dialogues indicates the author s dissatisfaction with Uriel s attempt at a rational theodicy Ezra s subsequent transformation points to the symbolic visions as the locus of the author s apocalyptic solution to the intractable theological problems raised in the dialogues

Exotic Visions in Marketing Theory and Practice Alf H. Walle, 2001-12-30 An anthropologist folklorist and literary critic besides being a marketing professor Alf H Walle takes a refreshingly interdisciplinary look at the impact of modern social thought upon marketing and social research Tracing key ideas back to their intellectual roots Walle shows how the evolution of social theory and the controversies it has engendered can and should transform the way marketers approach consumers He provides a theoretic underpinning for qualitative consumer research and presents a lucid theoretical and methodological overview for qualitative methods in marketing research that parallels what others such as Shelby Hunt have provided for scientific methods in marketing His book is a provocative thoughtful and probing study of qualitative social theory and its important contributions to marketing and consumer research It is of value to both practitioners and academics Arguing that the social structural methods have been largely ignored Walle rehabilitates this general method and compares it to poststructural alternatives Walle shows that to understand the evolution of modern social theory one must come to grips with the work of three towering pioneers Immanuel Kant Friedrich Hegel and Karl Marx and that researchers must understand and appreciate the contributions and influence of pioneers in order to avoid the myopic vision of our own time Praising Hegel s metaphor of cultures as living organisms and his forging of the concept we now call National Character Walle points to Hegel as the pioneering social structuralist and as the man who as a negative example inspired the poststructuralists to action Walle ends with a well reasoned analysis of poststructural thought in marketing consumer research and suggests that conflict theory an alternative to poststructural methods that evolved from social structural roots is often more appropriate than poststructural analysis in marketing and consumer research Relating both conflict theory and poststructural analysis to the actual needs of marketing consumer researchers Exotic Visions in Marketing Theory and Practice provides unique practical insights for those who teach market research as well as practitioners who pursue it for a living

Love and Conflict in Medieval Drama Lynette Muir, 2007-07-05 A detailed study of the stories dramatised in Europe before 1500 Justice in Conflict Mark

Kersten, 2016-08-04 What happens when the international community simultaneously pursues peace and justice in response to ongoing conflicts What are the effects of interventions by the International Criminal Court ICC on the wars in which the institution intervenes Is holding perpetrators of mass atrocities accountable a help or hindrance to conflict resolution This book offers an in depth examination of the effects of interventions by the ICC on peace justice and conflict processes The peace versus justice debate wherein it is argued that the ICC has either positive or negative effects on peace has spawned in response to the Court's propensity to intervene in conflicts as they still rage This book is a response to and a critical engagement with this debate Building on theoretical and analytical insights from the fields of conflict and peace studies conflict resolution and negotiation theory the book develops a novel analytical framework to study the Court's effects on peace justice and conflict processes This framework is applied to two cases Libya and northern Uganda Drawing on extensive fieldwork the core of the book examines the empirical effects of the ICC on each case The book also examines why the ICC has the effects that it does delineating the relationship between the interests of states that refer situations to the Court and the ICC's institutional interests arguing that the negotiation of these interests determines which side of a conflict the ICC targets and thus its effects on peace justice and conflict processes While the effects of the ICC's interventions are ultimately and inevitably mixed the book makes a unique contribution to the empirical record on ICC interventions and presents a novel and sophisticated means of studying analyzing and understanding the effects of the Court's interventions in Libya northern Uganda and beyond

The Vision in Job 4 and Its Role in the Book Ken Brown,2015-04-21 Near the beginning of the Joban Dialogues Job's

friend Eliphaz is attributed a remarkably subversive vision Job 4 12 21 Laced with images of divine judgment and deception this vision undermines the very foundation of the friends theology and closely conforms to Job s In particular the vision s distinctive corporeal imagery and its conclusion that anyone can suddenly perish reflect Job s characteristic style and form the basis for his accusations of divine injustice In this study Ken Brown argues that the tensions between the vision s present attribution to Eliphaz and its role in the dialogue run much deeper than is generally perceived and can only be resolved through a reassessment of the book s development both synchronic and diachronic Brown suggests that the present order of Job 3 4 and 25 27 is neither original nor accidental but reflects an intentional reframing of the dialogue and anticipates similar moves across the earliest reception of the book This work was awarded the Manfred Lautenschlaeger Award for Theological Promise 2016
