

Valley Vista Services  
is Going Green!

Recycling reduces the amount of waste that goes into the landfills, protecting natural resources, saving energy, and saving water. At Valley Vista Services, we collect both trash and recyclables in your brown container, which is called mixed waste processing. The recyclables are then separated out and sorted at our Material Recovery Facility!

Going green also includes recycling organic waste. Valley Vista Services prides itself on making organic waste collection fast and easy. The organics program allows disposal of food and yard waste, which is collected in your organics container. Valley Vista Services also provides free food waste pails to single family and multi-family customers (one pail per unit) to make recycling food waste even easier! We encourage placing food waste in clear or transparent plastic bag to keep food waste separate from yard waste. Please make sure to only place organic material in your organics container.
