Rénard,2012-08-15 The Slamming Door is a true story Find out how an Aspie who has learned social skills by rote one who
has earned respectable academic credentials but does not function well in many work environments navigates a labyrinth of
death dying and loss and how she copes with anxiety induced by travel and changes in her environment and how she slowly
painstakingly comes to recognize the signs of hostility around her while making no apology for who she is In September of
2008 Clarisse N Renard was asked to move in with a man who had just been diagnosed with bone cancer by his daughter
Berta who knew that she was a writer and available Berta had to work in an office so she couldn t be her father s caregiver
The man was her husband s older cousin Bryn a Harvard educated retired New York City social worker and Clarisse and her
husband Damon had stayed with him many times He was also one of her best friends after eight years of visits a confidante
and like another dad to her The request which was also an invitation of sorts felt like a chance to pay her cousin in law back
for all of the emotional and other support he had given to Clarisse and Damon She didn t know Berta very well but had been
excited to find that her marriage came with a female cousin her own age Clarisse looked forward to getting to know her

better When he realized that he couldn't stay home alone while terminally ill Bryn wanted Clarisse with him and told her so the evening that she arrived However he warned her that Berta and her older half sister were very jealous of the fact that she was there with him Berta resented Clarisse in many ways and gradually revealed her true self a bully Read on to find out how an articulate and meticulous Aspie dealt with all of these problems and situations and how she viewed it all People with Asperger's are not broken their brain patterns merely differ from those of the majority of the population Aspies have produced great novels scientific discoveries and the foundations of the best legal system on the planet namely The Declaration of Independence Asserting oneself knowing that no good deed will be judged with appreciation by a bully is an act of courage and defiance but also a necessary one There is nothing wrong with those who are different The problem is those who won't accept or respect them The memoir includes photographs of points of interest in Manhattan and of other items of interest
