**Nigerian Authors and the Me-Generation** Eugenia Ossana, 2024-12-31 Nigerian Authors and the Me Generation New Shades of Black explores African literary issues and focuses on Nigerian generations throughout history It also underscores women authors relatively unknown or dispersed role and their positions regarding Western feminism Concurrently the book acknowledges the emergence of a current Generation called the Me Generation dealing with erstwhile taboo themes and genre experimentation Three contemporary novels are singled out and analysed My Sister the Serial Killer by Oyinkan Braithwaite A Small Silence by Jumoke Verissimo and Freshwater by Akwaeke Emezi They deal with the trope of blackness as humour and satire as a healing space and as Igbo spiritual cosmovision which contests Western givens This book can become

a reference for those interested in African literature and particularly Nigerian literature Concurrently it can be a starting point to enrich the debate on African literature      Parallelism: a Handbook of Social Analysis Matthew C. Wells

PhD,2002-03-19 Parallelism is a theory of social processes It represents an attempt at systematizing historical events Other scholars have sought to employ similar approaches and methods This has led in political science to the development of a series of theories and classificatory schemas for revolutions wars political systems etc The parallelistic approach assumes that such processes can not only be understood but manifestly justified and exposed through the use of predictive power Currently this approach has identified two macro historical patterns The first is Revolution Pattern Type A the second

Paternalistic Regime Hegemonic War Pattern Type A      Legends of the Fire Spirits Robert Lebling,2010-07-30 An energy a pulse form of quantum physics perhaps alive at the margins of sleep or madness and more often in the whispering of a single unwelcome thought The Economist According to Islamic tradition Allah created three types of beings angels made of light humans made of earth and jinn made of smokeless fire Supernatural shape shifting intelligent and blessed with free will and remarkable powers jinn have over the ages been given many names demon spirit ghouel genie ifrit and shaitan Neither human nor immortal they roam the earth inhabiting dark and empty places luring humans to their deaths or demonically possessing them if harmed or offended Despite the fact they cannot be seen jinn are said to be strangely human like marrying bearing children forming communities and tribes eating sleeping playing and facing judgement like any other human They are ever present partners in the human experience causing endless mischief providing amazing services and sometimes inducing sheer terror Believed in by hundreds of millions of people throughout the world and from all faiths jinn have played a particularly central role in the literature culture and belief systems of the Middle East and the Islamic world Legends of the Fire Spirits explores through time and across nations the enduring phenomenon of the jinn From North Africa to Central Asia from the Mediterranean to sub Saharan Africa and beyond this riveting often chilling yet reasoned book draws on long forgotten ancient testimonies medieval histories colonial records anthropologist s reports and traveller s tales to explore the different types of jinn their behaviour society culture and long history of contact with humankind It documents their links with famous figures in history such as King Solomon and the Queen of Sheba and illustrates the varied and vivid portrayals of jinn in world literature In essence Legends of the Fire Spirits demonstrates the colourful diversity of human culture and the durability of faith and is a magnificent and indispensable portrayal of the rich folklore of the Islamic world      The Oxford Companion to World Mythology David Leeming,2005-11-17 Cave paintings at Lascaux France and Altamira Spain fraught with expression thousands of years later point to an early human desire to form a cultural identity In the Oxford Companion to World Mythology David Leeming explores the role of mythology or myth logic in history and determines that the dreams of specific cultures add up to a larger collective story of humanity Stopping short of attempting to be all inclusive this fascinating volume will nonetheless be comprehensive opening with an introduction exploring the nature and dimensions of

myth and proposing a definition as a universal language Briefly dipping into the ways our understanding of myth has changed from Aristotle and Plato to modern scholars such as Joseph Campbell the introduction loosely places the concept in its present context and precedes articles on influential mythologists and mythological approaches that appear later in the Companion The main body of Leeming's work consists of A-Z entries covering all aspects of mythology including substantial essays on the world's major mythological traditions Greek Native American Indian Japanese Sumerian Egyptian mythological types and motifs Descent to the Underworld the Hero the Trickster Creation the Quest mythological figures Odysseus Zeus Osiris Spider Woman and Inanna as well as numerous interrelated subjects such as fairy tales and legends The Companion also locates myth in our lives today relating it to language patterns psychology religion politics art and gender attitudes Many of the better known and more significant myths are vividly retold in this volume that will be illustrated with maps more than 70 black and white images and eight pages of color highlighting the central role art has often played in the transmission and perpetuation of myth Following the entries a rich section of appendices will include family trees of the major pantheons equivalency charts for the gods of Greece and Rome Babylon and Sumer as well as other traditions an extensive bibliography and an index

*Parallelism in Revolution* Matthew C. Wells Ph.D., 2005-10-14 Read the book which predicted the rise of the radical Islamic right in Iran Originally released in August 1999 under the title *Democratic Transitions and the Weber-Freud Connection* the book noted that the government in Iran was in jeopardy of being usurped by radical right wing forces The predictions contained in this work were based on Dr Matthew C Wells theory of Political Parallelism In light of recent political events i.e. the triumph of the Abadgaran faction in 2004 parliamentary elections and the recent election of Iranian neo-con Mahmud Ahmadinejad to the presidency this book has become all the more timely
