Corporate Creativity Sam Stern,1997 A company s creativity is the source of new ideas that lead to everything from the tiniest improvements to dramatic innovations Most companies are only too aware that their creative performance falls far short of potential The problem is that they don t know what to do about it Evidence shows that most creative acts are not planned for and come from where they are least expected It is impossible to predict what they will be who will be involved and when and how they will happen This is the true nature of corporate creativity and it is where a company s creative potential really

The Oriental Tale in England in the Eighteenth Century Martha Pike Conant,2019-10-10 Originally published in 1906 this book examines the oriental tale in England meaning it considers all the oriental and pseudo oriental fiction that appeared in English whether written in English or translated from the French The highlights fall upon the Arabian Nights Dr Johnson s Rasselas Goldsmith s Citizen of the World and Beckford s Vathek and the present volume aims to depict clearly the interesting orientalizing tendency of which these apparently isolated works were the best manifestations a tendency itself a part of the larger movement of English Romanticism

The Texture of Images Livia Cárdenas,2020-11-16 This study is the first fundamental analysis and synopsis of the printed relic book genre Printed relic books represent both by image and text precious reliquaries which were presented to the faithful audience during special liturgical feasts the display of relics

This study brings into focus the specific aesthetics of these relic books and explores the immense influence that patrons had on figuration as well as on the forms of these books. The analysis focuses on the interaction of image and text as manifestation of authenticity. This book then contributes to clarifying the complex medial role of printing with movable type in its early period and offers a novel interpretation of the cultural significance of artefacts in the Renaissance. This book is a translation of *Die Textur des Bildes: Das Heiltumsbuch im Kontext religiöser Medialität des Spätmittelalters*. De Gruyter 2013

Notes and Queries, 1913 Steel Helmet and Mortarboard Francis Howard Heller, 2009. As a young officer candidate in the Austrian army in 1938, Francis Heller put himself at risk by refusing to swear an oath of allegiance to Adolf Hitler. Had he stayed in Vienna, he would have been arrested by the Gestapo as a supporter of Austrian independence and an enemy of the Nazis. But he managed to escape into Czechoslovakia under cover of darkness. He subsequently made his way to America, where he finally pursued the academic career that military service had interrupted. *Steel Helmet and Mortarboard* is the story of this Austrian refugee who earned an American law degree in 1941 and set his sights on studying political science, but a year later was drafted into the U.S. Army. In his second military career, Heller opted for service as an enlisted man in a combat unit. After basic training, he was assigned as a private in a regular army division. Then, in a field artillery unit, he so distinguished himself in combat in the Pacific theater that he received a battlefield commission and went on to serve in the early months of the occupation of Japan and on one assignment escorting German nationals home from the Far East, found himself back in Europe and witnessing evidence of the horrors at Dachau that he himself had barely managed to escape. Heller's account of those years recalls how an upper middle class migrant adjusted to military life while serving in such combat zones as New Guinea and the Philippines, then how he later resumed his academic career, earned his Ph.D. and went on to teach at the University of Kansas. But Heller's return to academic life was anything but final. Recalled to active duty for the Korean War, he also served in later years with the U.S. Army Command and General Staff College at Fort Leavenworth. After a lifetime of changing hats, mortarboard for helmet and back again, Heller now, in his nineties, has recorded his unique perceptions as an educated observer of the world. *Steel Helmet and Mortarboard* is an absorbing narrative of one individual's experiences across a spectrum of personal and professional challenges, written with wry humor and insight that reflect a keen ability to master whatever circumstances life brings.

Mikis Theodorakis, His Music and Politics (Durrell Studies 6) Gail Holst-Warhaft, 2023-04-28. This is the only comprehensive musical biography in English of Mikis Theodorakis (1925-2021), the revolutionary Greek composer. The first edition (1980) was written with the assistance and support of Theodorakis himself; this new edition was commissioned after Theodorakis' death and extends the assessment of his work to the operas, symphonies, and other works composed since 1980. As a political figure in modern Greece, Theodorakis embodied the spirit of resistance to the abuse of authority from the Nazi occupation of his country and the ensuing civil war to the military dictatorship of 1967-74 and beyond. Based on the author's personal friendship and collaboration with Theodorakis

this musical biography is both a passionate and an authoritative account of the life work of a man who became a popular hero in an age of anxiety **British Medical Journal** ,1913 **Bibliography of the Openhym Collection of Modern British Literature and Social History, Herrick Memorial Library, Alfred University** ,1980 Contemporary Chinese Novels in Translation since 1978 Yun Wu,2024-10-14
