K., 2010-12-30 SAP is a great software but you need to fully understand its features in order to effectively exploit them for the benefit of customers Mr Agrawal's books on SAP HR have a unique approach A chapter focuses on a single business concept and discusses the user interface as well as its associated configuration Each screen and each field in a screen is explained Explanation includes meaning use case and in some cases guidelines Details are balanced by overviews explaining the concepts and their relationships **SAP SD Billing** Prem Agrawal, 2018-05-03 [SAP SD Sales](#) Prem Agrawal, 2018-03-19 Details and Overviews This is a detailed book that covers every screen of the SAP Menu and IMG Details are preceded by overviews that show the larger picture and linkages between different concepts Learning Guide This book can be used to learn SAP You can start learning SAP using this book even if you know nothing about SAP How to read this book in multiple iterations is explained in the book Technical Reference If you are in SAP menu or IMG and want to find the relevant material in this book it is very easy Both SAP menu and IMG are expanded and hyperlinks are provided against each item Just click the hyperlink and you are taken to the respective section A New Approach to SAP Implementation You can use this book to implement SAP in a structured way This approach is explained in the book Configuration manual The documentation of SAP implementation includes a configuration manual This configuration manual may be structured on the lines of this book User manual The documentation of an SAP implementation includes a user manual This book should serve as a generic user manual Company specific user manual may also be structured on the lines of this book and may include only company specific guidelines for the users *Sap Hr : Om, Pd & Training - Tech Reference & Lear* P. K. Agrawal, 2010-01-30 This book explains all the concepts underpinning the Organizational Management OM Personnel Development PD and Training and Event Management modules of SAP HR It is a comprehensive technical manual which explains every single node of the User Menu and the Configuration The book first gives an overview of a concept explaining what it is how it is used and how it relates to the other concepts It then explains its properties which are fields in a configuration node This book is designed to be used both as a reference manual and a learning guide As a learning guide it offers four views each for a different target audience It can be read from the Senior Management's perspective to gain a broad understanding of the subject and what SAP can do for them Business Process Owners can achieve a higher level of understanding by getting to know more of SAP concepts and how to perform different tasks in SAP Users can acquire a thorough understanding of different tasks and concepts underlying them Functional consultants and proficient users can read the book to gain a complete understanding of the system As a technical reference the book can be used to locate the relevant material through the Table of Contents Index SAP Menu and SAP Customizing Implementation Guide IMG The last two follow the Table of Contents If the reader is in SAP's User Menu or Configuration the

chapter number for these nodes can be found in SAP Menu and IMG If a node is not covered in the book the reason for not doing so is mentioned The implementation of SAP HR OM PD and Training can also be guided by the structure of this book

SAP SD Shipping and Transportation Prem Agrawal,2018-04-27 The SAP HANA Project Guide , SAP HANA is the SAP product for in memory computing It streamlines transactions analytics planning and data processing on a single in memory database allowing businesses to operate in real time Over the course of the last few years the authors have led many diverse SAP HANA projects with extraordinary success resulting in 10 000 or in some cases even 100 000 times improvement of system performance In this book the authors share their findings from SAP HANA projects to help ensure the success of your SAP HANA project The SAP HANA project guide will also help you identify suitable scenarios for your company to get started with in memory computing while sketching out a long term plan to provide innovation to your entire business using SAP HANA We ll cover the following key topics Delivering innovation with SAP HANA Creating a business case for SAP HANA Thinking in memory Managing SAP HANA projects *SAP HR TIME MANAGEMENT* P. K. AGRAWAL,2010-08-17 This book explains all the concepts underpinning SAP s HR Time Management Module It is a comprehensive technical manual which explains every single node of the User Menu and the Configuration The book first gives an overview of a concept explaining what it is how it is used and how it relates to the other concepts It then explains its properties which are fields in a configuration node This book is designed to be used both as a reference manual and a learning guide As a learning guide it offers four views each for a different target audience It can be read from the Senior Management s perspective to gain a broad understanding of the subject and what SAP can do for them Business Process Owners can achieve a higher level of understanding by getting to know more of SAP concepts and how to perform different tasks in SAP Users can acquire a thorough understanding of different tasks and concepts underlying them Functional consultants and proficient users can read the book to gain a complete understanding of the system As a technical reference the book can be used to locate the relevant material through the Table of Contents Index SAP Menu and SAP Customizing Implementation Guide IMG The last two follow the Table of Contents If the reader is in SAP s User Menu or Configuration the chapter number for these nodes can be found in SAP Menu and IMG If a node is not covered in the book the reason for not doing so is mentioned The implementation of SAP HR Time Management and documentation can also be guided by the structure of this book A BETTER WORLD There is a lot we can do to make our world a better world just as we discover better ways to support our businesses Read short articles inside on some of the ideas of World Integration and Improvement Initiative World Government 691 World Language 693 Good Governance 699 City without Traffic Lights 705 SAP is a great software One needs to fully understand its features in order to effectively exploit them for the benefit of customers Mr Agrawal s books on SAP HR have a unique approach A chapter usually focuses on a single business concept and discusses the user interface as well as its associated configuration This logical division makes it easier for readers to understand the functionality Another important

feature of these books is the level of detail Each screen and each field in a screen is explained Explanation includes meaning use case and in some cases guidelines Details are balanced by overviews explaining the concepts and their relationships While explaining functionality Mr Agrawal has taken efforts to highlight what can be done and how it is to be done This is particularly important for less experienced users and consultants Indicating chapter numbers against each menu and configuration item is a very useful innovation as it establishes direct link between the SAP system and the book Another useful feature is that these books can be read not only by consultants but also by users business process owners and even by senior managers The importance of each topic for each category of users is specified Mr Agrawal has taken considerable pain in writing these books and I congratulate Mr Agrawal on his achievement and thank him for his contribution to the SAP community K Sanjai Regional Head Asia Pacific Japan SAP Global Delivery
