

Bachelor of Science Degree in Accountancy

Department of Accounting and Information Systems

California State University, Northridge

The accountancy program is a very demanding, competitive, and rigorous course of study that develops skills in critical thinking, problem solving, written and oral communication, and decision making, in addition to developing the necessary tools to engage in lifelong learning after graduation. The program also develops an understanding of accounting theory, technical procedures, and the professional standards and ethics essential to becoming a successful accountant in public, industry, government, and not-for-profit accounting.

To successfully major in accountancy, students are expected to possess a high level of maturity, motivation, and self-discipline. Students are admitted to the accounting program based on their level of preparation and performance. To enter the accountancy program, students are admitted to the University as Pre-Accountancy majors or, if already attending CSUN, students must declare the Pre-Accountancy major prior to earning 90 units (unless approved by the associate dean). Successful completion of the Pre-Accountancy major is required to become an Accountancy major. Students must obtain a grade of "C" or higher in each required lower-division and upper-division course in order to graduate.

ENROLLMENT IN ACCT 350

A pre-determined number of students are approved each semester to enroll in ACCT 350 through a competitive application process based on the number of available openings in the accountancy program. - Classified as a Pre-Accountancy major.

ADMISSION TO THE ACCOUNTANCY MAJOR

Upon successful completion of ACCT 350, students may apply for admission to the Accountancy major. Students must have successfully completed the Pre-Accountancy major with a grade of "C" or higher in each class and maintained a total and CSUN GPA of 3.0 or higher.
