Sara Mortimore, Carol Wallace

Saras Nightmare German Edition:

Sweet Nightmares Catherine German,2010-11-30 It is I who walks through the valley of death Even though it is written somewhere in sometime though shall not fear death It s not death I fear in fact I welcome it with open arms What I fear the most is what I will become **Recurrent Genocidal Nightmares** Tatah Mentan,2019-05-28 Genocide has been called the crime of crimes and an odious scourge With millions of victims in the last century alone it is one of the great moral and political challenges of our age Despite the challenges such human cruelty has not stopped The 21st century is recording its first genocide in Cameroon with only a scanty few raising a finger The significance of the odious scourge has compelled Tatah Mentan to research on the trajectory of the scourge in Africa over the past centuries The targeted ongoing mass killings in Cameroon like those of Rwanda before have driven the scholar to expand his focus beyond the Holocaust which had long been the primary case study In this book Tatah Mentan explains that these cases were not merely a human catastrophe nor an atavistic reversion to the barbarism of a past epoch but rather an event produced by the unfolding of the logic of capitalism itself This book therefore critically explores the essence of capitalism as genocide in Africa and its consequences on Africans during their colonisation and incorporation into the European dominated racialised capitalist world system in the late 18th century It uses multidimensional comparative methods and critical approaches to explain the dynamic interplay among social structures human agency and terror to explain the connection between structural capitalist terrorism and the emergence of the capitalist world system Tatah Mentan proposes a genuine participatory democratic alternative to the unending genocide nightmares Nurturing participatory attitudes would facilitate and reinforce self management and educate and empower individuals and dispossessed and under represented communities to seek self determination and democratic participation in the political arena Tatah Mentan concludes that the same fundamental commitments that urge humanity to promote participatory political democracy should compel them to promote truly inclusive economic democracy as well Political economists historians students corporate managers and policy makers at national and international levels are invited to share the insights of this book **In Defense of German Colonialism** Bruce Gilley,2022-08-02 Famed historian and author of the groundbreaking The Case for Colonialism demonstrates that contrary to modern presuppositions German colonialism from its early roots to the mid twentieth century was overall a force for good in the world where development was encouraged and native governance flourished Historian and university professor Bruce Gilley delves into the history of German colonialism from its earliest roots through the 20th century demonstrating that contrary to modern presuppositions it served as a global force for good elevating the lives of its subjects and encouraging scientific development while allowing native cultures to flourish within its governance **Russia in the German Global Imaginary** James E. Casteel,2016-05-06 This book traces transformations in German views of Russia in the first half of the twentieth century leading up to the disastrous German invasion of the Soviet Union in 1941 Casteel shows how Russia figured in the imperial visions and utopian

desires of a variety of Germans including scholars journalists travel writers government and military officials as well as nationalist activists He illuminates the ambiguous position that Russia occupied in Germans global imaginary as both an imperial rival and an object of German power During the interwar years in particular Russia now under Soviet rule became a site onto which Germans projected their imperial ambitions and expectations for the future as well as their worst anxieties about modernity Casteel shows how the Nazis drew on this cultural repertoire to construct their own devastating vision of racial imperialism

Nightmares in the Long Nineteenth Century Frances Clemente, Greta Colombani, 2025-04-11 From Johann Heinrich Füssli's 1781 oil painting *The Nightmare* which was to become the iconic image of a newly emergent sensibility to the first psychoanalytic studies culminating in *On the Nightmare* by Ernest Jones first published in 1911 the long nineteenth century was characterised by a pervasive fascination with nightmares both as frightening dreams and in their personified form evil spirits or monstrous creatures This volume investigates the extensive and multifaceted presence of nightmares in the literature and culture of this period from a cross disciplinary and cross national perspective shedding new light on the remarkably widespread nature of the nineteenth century interest in nightmares as well as on common threads and features that inform and animate it Its contributions by scholars from different fields reveal how nineteenth century representations of nightmare across and beyond Europe explored fundamental questions about the limits of consciousness and reason the complex interplay of body and mind the elusive boundaries between self and other and the dread of alterity giving voice to deep rooted fears and anxieties in a period when these notions were undergoing radical rethinking

A New History of German Cinema Jennifer M. Kapczynski, Michael David Richardson, 2012 A dynamic event centered exploration of the hundred year history of German language film This dynamic event centered anthology offers a new understanding of the hundred year history of German language film from the earliest days of the Kintopp to contemporary productions like *The Lives of Others* Each of the more than eighty essays takes a key date as its starting point and explores its significance for German film history pursuing its relationship with its social political and aesthetic moment While the essays offer ample temporal and topical spread this book emphasizes the juxtaposition of famous and unknown stories granting attention to a wide range of cinematic events Brief section introductions provide a larger historical and film historical framework that illuminates the essays within it offering both scholars and the general reader a setting for the individual texts and figures under investigation Cross references to other essays in the book are included at the close of each entry encouraging readers not only to pursue familiar trajectories

in the development of German film but also to trace particular figures and motifs across genres and historical periods Together the contributions offer a new view of the multiple intersecting narratives that make up German language cinema The constellation that is thus established challenges unidirectional narratives of German film history and charts new ways of thinking about film historiography more broadly Jennifer Kapczynski is Associate Professor of German at Washington University St Louis and Michael Richardson is Associate Professor of German at Ithaca College

We Meet Again, an adventure through time Emily J. Garrett, 2001-06-06 Sara's strange nightly dreams began right before meeting Mary Jo They seemed to mirror the uncomfortable situations she faced each day Her real dreams of becoming a writer were getting lost in the shuffle as she coped with a murderer following her around town How would she and Mary Jo solve this when they didn't really know who he was and couldn't prove he did it It was unfortunate that he knew they suspected him This is what they thought was the mystery until the real mystery unfolded right under their noses Chapter 1 Late one afternoon Sara had started to feel tremendous vibrations underneath her feet Although she realized the implications she felt a certain calm inside She went to find Athena Sara waited outside the room until Athena's next patient

came out Then she went inside You noticed it too I guess sighed Athena It would be difficult to ignore the intensity Yes I noticed it replied Athena with concern I wonder how much longer we have left Not much longer I imagine said Sara Do you think we Just then Lucas rushed in You must come to the solarium with me It is urgent They quickly followed Lucas What s going on in the solarium asked Athena as she tried to keep up with him There is no time to explain said Lucas You will see for yourself as soon as we get there he added abruptly as they hurried down the hallway As soon as they reached the doorway Athena and Sara knew what Lucas meant The once beautiful sunny sky had changed to a dark and gloomy afternoon The ocean was enraged The treacherous waves were crashing against the shore provoked by the powerful eruptions of the nearby volcano The three friends knew that the disastrous end to their time on Poseidia had come Outside they could see people running around in the streets The water was quickly rising up over the land and everyone was scrambling to reach higher ground It was everyone for himself just as it had always been Lucas Athena Sara and their friends sat solemnly by the great window and watched They had done all that was possible and now had to accept their own limitations When the island of Poseidia finally went in to the sea many drowned Some had fled to other areas for there were several occurrences of destruction in Poseidia before that final one When the time came Athena and Sara and Lucas and the others let their spirits withdraw from their bodies and rose above it all to watch wishing that more of the others could have joined them They looked on as the once beautiful island was completely and finally consumed by the immense and powerful ocean The only evidence that life had ever existed here was the glowing embers of the burnt remnants of the city This had been their home and now floated gently upon the surface of the water It s so sad to see the demise of our own community said Athena wistfully Yes said Lucas sadly But we ve known it was coming for a long time And we ll be back Sara sat straight up in bed her eyes wide open now What was that all about she wondered She looked at the clock 2 AM Sara thought to herself She took a deep breath and lay back down but did not close her eyes

Through Middle Eastern Eyes Michael Parker,2024-02-26 Kenneth E Bailey was both a missionary and a New Testament scholar As a missionary first in Egypt and later in Lebanon Israel Palestine and Cyprus he experienced firsthand the life of traditional Middle Eastern villagers which led him to the conclusion that the village culture he witnessed in the twentieth century had hardly changed since the first century Consequently he was able to reinterpret Jesus s parables and life experiences through this traditional culture In a remarkable series of acclaimed books which include *The Cross and the Prodigal* *Jacob and the Prodigal* and *Jesus through Middle Eastern Eyes* Bailey showed that Jesus was the first mind of the New Testament who used story and metaphor to challenge the leaders of his day in ways often unappreciated by contemporary readers This biography explains the origins of Bailey s key ideas and recounts his often fraught missionary career one that included the austere and the sometimes harsh life in the simple villages of Upper Egypt the perils of life in Beirut during the Lebanese Civil War 1975 1990 and being evacuated four times during the military conflicts in the region that made possible his groundbreaking insights into the New Testament

Monsters and Monstrosity in Jewish History Iris Idelson-Shein,Christian Wiese,2019-02-21 This is the first study of monstrosity in Jewish history from the Middle Ages to modernity Drawing on Jewish history literary studies folklore art history and the history of science it examines both the historical depiction of Jews as monsters and the creative use of monstrous beings in Jewish culture Jews have occupied a liminal position within European society and culture being deeply immersed yet outsiders to it For this reason they were perceived in terms of otherness and were often represented as monstrous beings However at the same time European Jews invoked with tantalizing ubiquity images of magical terrifying and hybrid beings in their texts art and folktales These images were used by Jewish authors and artists to push back against

their own identification as monstrous or diabolical and to tackle concerns about religious persecution assimilation and acculturation gender and sexuality science and technology and the rise of antisemitism Bringing together an impressive cast of contributors from around the world this fascinating volume is an invaluable resource for academics postgraduates and advanced undergraduates interested in Jewish studies as well as the history of monsters *Yearbook of German-American Studies* ,2004
