Sasquatch S Craving:

So I Fell for Bigfoot Kristen Strassel, 2024-01-11 I m The Mating Game s biggest fan but I never dreamed that my gothic cupcake self would make it on the show Then I won my own episode I m so excited to go on stage and pick a hot shifter who is ready to woo me Just one problem During a delay in filming my episode I had a fantastic encounter in the mountains that included an avalanche and a steamy night with a smokin hot sasquatch Yes you read that right Bigfoot himself Now I m not sure I want to go on camera anymore Show host and fairy dragmother Bibi le Bonnet wants me to reconsider She thinks a total life makeover is in order to turn this superfan into a superstar I ll get three questions Things were hot and heavy between Lars and me that night but could this be more than a fling Am I ready to leave my city life behind for this mountain man And is it bad that I prefer his furry form Please say it s not Three potential suitors Lars isn t the only beast with his eye on me Who knew I d be so popular It s a fan girl s dream come true But are they after me or Lars And three dates to find my forever Lars is an immortal widower still pining away over his lost mate He s blissfully unaware of modern human life The dates he chooses are a literal breath of fresh air and I m having so much fun introducing him to my favorite things and getting to experience them for the first time all over again through his eyes But when word gets out that a creature thought to be mythical has been sighted in Sunset Springs ancient secrets are exposed long forgotten creatures come back to settle a score and being in the spotlight becomes more exciting and dangerous than I ever imagined

Find out about the bizarre and mysterious creatures living in Wisconsin **Mysterious Creatures** George M. Eberhart, 2002-12-17 A comprehensive guide to cryptozoology the quest to identify animals that have not been officially catalogued by science and to place these unknown animals into their proper zoological categories In this fascinating two volume encyclopedia author George M Eberhart provides a comprehensive catalog of nearly 1 000 cryptids unknown animals usually reported through eyewitness accounts and not yet described by science Cryptids are the stuff of folklore hoaxes and genuine scientific breakthroughs There are 400 now classified cryptids once considered either extinct or pure fantasy The

cryptozoologist's job is to strip away the myth, misidentification and mystery and separate fact from fiction. *Mysterious Creatures* covers everything from dinosaurs and the emala ntouka, an elephant-killing dinosaur-like animal of central Africa, to searches for the Loch Ness monster, Bigfoot and other cryptozoological hoaxes. Entries about specific animals include the derivation or meaning of each cryptid's name, its scientific name, variant names, a physical description, behavior description, of tracks, habitat, significant sightings, present status and possible explanations. Illustrations and photographs accompany many entries. The book also includes resources and references for further information. **Heavy** Helene A. Shugart, 2016-06-07. The current obesity epidemic has been at the top of the national and increasingly global public agenda for the last decade, the subject of extensive and intensive concern, scrutiny and corrective efforts from various quarters. In the United States, much of this attention is predicated on the official discourse or story of obesity that it is a matter of personal responsibility, specifically to the end of monitoring and ensuring appropriate caloric balance. However, even though it continues to have cultural presumption that discourse does not resonate with the populace, which may explain why efforts of redress have been notoriously ineffective. In this book, Helene Shugart places obesity in cultural, political and economic context, arguing that current anxieties regarding obesity reflect the contemporary crisis in neoliberalism and that the failure of the official discourse of obesity mirrors the failure of neoliberalism more broadly, specifically to account for authenticity, a powerfully resonant cultural concept today. She chronicles a number of competing discourses of obesity that have arisen in response to the failed official discourse, examining and evaluating each in relation to the idea of authenticity, assessing the practical and behavioral implications of each discourse for both obesity incidence and redress, and establishing the significance of each discourse for negotiating neoliberalism in crisis more broadly. **Bigfoot** Kenneth C. Wylie, 1980. Written from the viewpoint of a dispassionate investigator in search of clues to an unsolved riddle, this book follows Bigfoot's trail. **Moon Idaho** Teresa Bruffey Kaufman, 2023-05-30.
