Metaphor and Writing Philip Eubanks, 2010-11-04 This volume explains how metaphors, metonymies, and other figures of thought interact cognitively and rhetorically to tell us what writing is and what it should do. Drawing on interviews with writing professionals and published commentary about writing, it argues that our everyday metaphors and metonymies for writing are part of a figurative rhetoric of writing, a pattern of discourse and thought that includes ways we categorize writers and writing stories we tell about people who write. Conceptual metaphors and metonymies are used both to describe and to guide writing, and familiar yet surprisingly adaptable conceptual blends are used routinely for imagining writing situations. The book will give scholars a fresh understanding of concepts such as voice, self-clarity, power, and the most basic figure of all, the writer.

The Perfect Score Project Debbie Stier, 2014-09-09 Save yourself time, money, and frustration by reading *The Perfect Score Project*, one of the most compulsively readable guides to SAT test prep ever written, and a down-to-earth reminder of the things that really matter in life. The project began as an attempt by Debbie Stier to help her teenage son Ethan, who would shortly be studying for the SAT. Aware that Ethan was a typical teenager, i.e., uninterested in any test, especially a 4-hour standardized exam, and would be facing a much more competitive admissions process and economy than when she was in high school, she decided to climb into the trenches with him. She took the SAT seven times in one year, ultimately compiling an accessible and relatable guide that is both a consumer report of fresh tips and an amusing snapshot of parental love and wisdom colliding with teenage apathy. Stier quickly became hooked, and her quest turned into an exercise in both hilarity and heartbreak as she persisted in deciphering the mind-boggling menu of test prep options. In *The Perfect Score Project*, Debbie tries it all, from Kaplan to Kumon and The Khan Academy. She meets with a premier grammar coach, takes a battery of intelligence tests, and studies with the world's most prestigious and expensive test prep company. She answers all the questions that overwhelm students and parents facing the SAT: When do I start? Does brand-name test prep work? Do I need a tutor, a class, or can I self-study? What's the one thing I need to know? What's the secret to teenage motivation? *The Perfect Score Project* has inspired thousands of parents, students, and teachers to connect and transform the most reviled right of passage in a high school student's life into a positive experience. This book provides concrete research on the best ways to succeed on a test that serves as the last big milestone before kids leave for college.
