Poole, 2023-04-18 Will you love her honor her and cherish her for as long as you both shall live Tommy assented to this question not once not twice but three times And each time he stood before the same woman Follow his story as he journeys from the Dead River swamp of South Georgia through the muddy waters of a sin filled life as a rebellious teen a disrespectful son an arrogant US Marine an unfaithful husband and an absent father until in desperation and on realizing his need for more than human help he cried out to God You will be inspired as his story unfolds Just as the Samaritan woman at Jacob's well received a drink of Jesus's living water changing everything for her so it was for Tommy Poole A life of sin being overcome by God's abundant amazing grace and love and then the incredible joy of experiencing human forgiveness that comes after which could only be the fruit of the Savior's example all lead to a life of service in ministry for his Redeemer Tommy journals how the voyage from this life's dead river to living water is possible for everyone Comments from Pastor Gary Moyer VP for Administration Executive Secretary of the Caroline Conference If you need encouragement that God is able to turn your life around for the better you need to read this book This is one of those easy compelling reads I found hard to put down I've known Tommy for years but never knew the whole amazing story Wow Comments from Thomas T Hardy Director and Speaker of the Layman's Guidepost LLC What an amazing testimony Absolutely amazing I love the river water allegory and how it remains consistent throughout the book The opening scene at the kitchen table is incredibly powerful It drew me in immediately Your early years were so intensely challenging with so many distinctive experiences This story is something a lot of people will not be able to put down once they get started It is almost like a movie Your raw honesty is very earthly and real making your references to the spiritual concepts more voracious for the consumption of the reader I love it The impelling motives you give the reader at the end of most chapters kept me wanting more Yet the horrors of the alcoholic demon that overshadowed your life gave me great insight about and empathy for your struggle Pastor This is good stuff Both interesting and spiritually compelling this book grips the reader from the outset with scenes of gritty fallen humanity inspired and transformed by the living waters cascading from the throne of God The reader is invited to relive the journey of a man

caught in the throes of the fallen nature being miraculously lifted up by the hands of Jesus Christ from His cross Thank you so much for allowing me the privilege of reviewing this book It has been a personal blessing to me in my faith walk and I am sure that it will be a blessing to every soul who reads it History After the Three Worlds Arif Dirlik, Vinay Bahl, Peter Gran, 2000 History as a discipline faces a crisis of identity as Eurocentrism fades in a world where globalized visions compete to explain historical processes Facing the challenge squarely this volume_ comprising specialists on Asia Africa and Latin America_ explores the state of historical analysis in various world regions and appraises current views on what defines and challenges historical knowledge It is widely accepted that Eurocentrism no longer seem acceptable in a world where others are reasserting their own notions of past and future The postDWorld War II spatialities that guided both historical analysis and the division of labor in historical work are in the process of disappearing into more globalized visions Constituencies left out of history in the past are making demands for the recognition of their historical presence History as epistemology is under attack as a marker of Eurocentric modernity from non historical ways of thinking as well as from ideologies of postmodernism that deny to history its claims to truth Indeed the current situation in the field has been described by one distinguished historian as a Ocacophonous confusion O The challenge historians face is how to imagine new ways of writing history that overcome this confusion without falling back upon ideological and methodological prejudices that reproduce the problems of the past in new guises The contributors discuss how these challenges are voiced and met in their different areas of specialization Unsurprising in a volume that addresses a variety of regions and issues that are not only technically historiographical but also deeply cultural and political the authors differ in their appraisal of the challenges presented by globalization postmodernism or postcolonialism Yet they are united in their recognition of the validity of historical ways of knowing and their reaffirmation of the importance of history in grasping contemporary cultural and political problems It is because history is entangled in a Eurocentric modernity that in a postmodern world it provides the medium for articulating alternatives to Eurocentrism_ and to history itself **Gender Inequality in the Public Sector in Pakistan K.**

Chauhan, 2015-12-05 As gender training is applied increasingly as a development solution to gender inequality this book examines gender inequality in Pakistan s public sector and questions whether a singular focus on gender training is enough to achieve progress in a patriarchal institutional context Catalog of Copyright Entries.
