Feins,1967 *New Approaches to Decolonizing Fashion History and Period Styles* Ashley Bellet,2023-12-29 New Approaches to Decolonizing Fashion History

and Period Styles Re Fashioning Pedagogies offers a wide array of inclusive global practical approaches for teaching costume and fashion history. Costume designers, technicians, and historians have spent the last several years re-evaluating how they teach costume and fashion history, acknowledging the need to refocus the discourse to include a more global perspective. This book is a collection of pedagogical methods aimed to do just that, with an emphasis on easy reference, accessible activities, and rubrics, and containing a variety of ways to restructure the course. Each chapter offers a course description, syllabus, calendar, course objectives, and learning outcomes, as well as sample activities from instructors across the country who have made major changes to their coursework. Using a combination of personal narratives, examples from their work, bibliographies of helpful texts, and student responses, contributors suggest a variety of ways to decolonize the traditionally Western-focused fashion history syllabus. This collection of pedagogical approaches is intended to support and inspire instructors teaching costume design, costume history, fashion history, period styles, and other aesthetic histories in the arts.

Strays Thomas A. Marks, 2012-09-07. Mat's plan to obtain a PhD, the union card needed to do research, find a cure for cancer, then humbly accept his Nobel Prize. However, circumstances profoundly influenced this plan. After losing his funding in cancer research as a result of political infighting, Mat took a position in the blossoming field of toxicology, an outgrowth of the fears surrounding synthetic chemicals. Although successful in this area, Mat found it difficult to accept that synthetic chemicals or pharmaceuticals were responsible for most human cancers and birth defects. Along the way, he became involved with reproductive and other health problems in dogs and other domestic animals. Determining the cause of these problems led to difficulties with the powers that be and loss of his job.
