The Atlantic Connection Anna Suranyi,2015-05-15 Focusing on the interconnections of the Atlantic world from 1450 1900 The Atlantic Connection examines the major themes of Atlantic history During this period ships goods diseases human beings and ideas flowed across the ocean tying together the Atlantic basin in a complex web of relationships Divided into five main thematic sections while maintaining a broadly chronological structure this book considers key cultural themes such as gender social developments the economy and ideologies as well as the role of the Atlantic in ensuring European dominance the creation of a set of societies with new cultural norms and philosophical ideals that continued to evolve and to transform not only the Atlantic but the rest of the world the contestation over rights and justice that emerged from the Atlantic world which continues to exist as a significant issue today The Atlantic Connection is shaped by its exploration of a key question how did Europe come to dominate the Atlantic if not through its technological prowess Adeptly weaving a multitude of events

into a larger analytical narrative this book provides a fascinating insight into this complex region and will be essential reading for students of Atlantic history *The American Village in a Global Setting* Michael E. Connaughton, Suellen Rundquist, 2009-03-26 In October 2005 a conference honoring the contributions of Sinclair Lewis to Midwest and American culture and celebrating the friendship between Sinclair Lewis and Ida K Compton was held at St Cloud State University in St Cloud Minnesota Sinclair Lewis would no doubt have been flattered and perhaps a bit surprised by the breadth of this conference in his honor The fact that scholars writers students and readers gathered to discuss his work and its broader influence would have pleased him He would have learned that readers still found stimulus for serious thought in his writing and that his works can serve as a springboard to discussion of today's societal issues some of which might surprise him considerably The papers selected from the conference entitled *The American Village in a Global Setting* consider elements of Lewis world through today's lens In Part I his version of community is compared to that documented in other ways including architecture and television Scholars address issues such as anti-Semitism theocratic communities the Irish and outdoor life In Part II the concept of community is expanded to the visions of other authors including his contemporaries such as Martha Ostenso Josephine Donovan and Willa Cather as well as more recent writers In Part III today's social and cultural issues in America are addressed expressing the global and interdisciplinary intent of the conference And last Part IV continues the global theme addressing international communities and pedagogical philosophies through film and literature **Prentice Hall World History** Elisabeth Gaynor Ellis, Anthony Esler, Burton F.
