**Shaping Jazz** Damon J. Phillips, 2013-07-21 There are over a million jazz recordings but only a few hundred tunes have been recorded repeatedly Why did a minority of songs become jazz standards Why do some songs and not others get rerecorded by many musicians *Shaping Jazz* answers this question and more exploring the underappreciated yet crucial roles played by initial production and markets in particular organizations and geography in the development of early twentieth century jazz Damon Phillips considers why places like New York played more important roles as engines of diffusion than as the sources of standards He demonstrates why and when certain geographical references in tune and group titles were considered more desirable He also explains why a place like Berlin which produced jazz abundantly from the 1920s to early 1930s is now on jazz's historical sidelines Phillips shows the key influences of firms in the recording industry including how record companies and their executives affected what music was recorded and why major companies would rerelease recordings under artistic pseudonyms He indicates how a recording's appeal was related to the narrative around its creation and how the identities of its firm and musicians influenced the tune's long run popularity Applying fascinating ideas about market emergence to a music's commercialization *Shaping Jazz* offers a unique look at the origins of a groundbreaking art form

**The World's Work** ,1919 *The Liberal Delusion* John Marsh,2012 Is western civilisation based on a mistaken understanding of humanity Fundamental to any society is its comprehension of human nature It shapes attitudes and policies on a whole range of issues interpersonal relations child rearing discipline and punishment economics and welfare For millennia western societies were based on the idea that human nature is flawed This was turned upside down 300 years ago during the Enlightenment by writers such as Rousseau who argued that we are born good and later warped by parents and society a liberal view of human nature which is now being challenged by scientific discoveries in the fields of the mind the brain and genetics including the Human Genome evolutionary psychology and anthropology This fundamental change has had profound

effects If we are essentially good then we can safely maximize freedom and abandon morality religion and tradition Many aspects of life have been liberalised sexual behaviour alcohol consumption censorship gambling divorce laws and economic activity Economic liberals thought free markets were rational and good and favoured minimal government interference and light touch regulations This led to the credit crunch and the greatest financial crisis since World War Two Many parents now hesitate to discipline their own children The belief that we are essentially good but corrupted by society has also influenced penal policy Liberals see criminals as victims not as wrongdoers because surely no one would choose to do something wrong This is a world far removed from the self sacrifice and fraternity shown during World War Two It has not brought happiness but rather more alienated individuals The outcome of egalitarian aims or methods has often missed its mark e g in education it has led to the dumbing down of academic standards grade inflation and a decline in social mobility Egalitarian regimes from the French Revolution to the Soviet era have been amongst the most bigoted brutal and bloody in history The drive for greater social justice and fairness must remain an essential objective There is therefore an urgent need to separate out the positive from the negative aspects of liberal thought and practice as otherwise there is the risk of descent into moral anarchy and social disintegration Army ,1989 Analyzing Foreign Policy Derek Beach,Rasmus Brun Pedersen,2019-11-19 The second edition of this introductory textbook on foreign policy analysis focuses on the key explanatory factors that underlie the foreign policies of states and other actors to show how theory can illuminate practice Genuinely international in scope and drawing on a wide range of examples it provides an accessible introduction to the key elements of foreign policy analysis to explain predict and evaluate what states and other collective actors want how they make decisions and key determinants of state security diplomatic and economic foreign policies Providing a broad set of theoretical tools for analysing foreign policy and including increased coverage of methodology this new edition provides students with the skills to undertake their own foreign policy analysis *Korean War: Consequences and Aftermath of the War Gr. 5-8* Andrew Davis,2016-06-01 This is the chapter slice Consequences and Aftermath of the War Gr 5 8 from the full lesson plan Korean War Introduce students to the first real conflict of the Cold War period From 1950 to 1953 our resource explains why we should remember the Forgotten War Explore the geography of North and South Korea and recognize where the conflict took place Become familiar with post World War II tension between the United States and Russia and how that led to the Cold War Learn about the roles President Harry S Truman Joseph Stalin and Kim Il sung played in the war Travel to South Korea and experience what it was like for U S troops during some of the major battles fought against the advancing North Korean army Find out about some of the weapons used during the war and why UN forces dominated the North Korean Air Force Gain a clear understanding of the aftermath left behind and why it s important to remember these events Aligned to your State Standards and written to Bloom s Taxonomy additional hands on activities crossword word search comprehension quiz and answer key are also included **Finance & Development, September 2002** International Monetary Fund.
