Islam Within Judaism and Christianity, a Voice from the Past Ahmed Shendy Yousef, 2014-01-27 Islam within Judaism and Christianity is a truth truth that is clear and bright in the midst of a dark world that has lost its way through understanding that are guided by Satan This book will remove the veil off of Gods concealed messages and it will impact the twisted long life of preaching that was used for indecent political power and financial gains causing billions of innocent lives lost throughout history Through Islam within Judaism and Christianity I would like to introduce you to the messages of God from the holy Bible and The Quran so that you can discover that we are all followers of Moses Jesus and Mohammed We are one nation that belongs to the same one God so we may consider changing our attention from striking one another to striking our one enemy Satan This is a book that assists you in better understanding one another in pursuit of making our world a better place and doing it together Ahmed S Yousef PT Ph D

Behind the Myths John Pickard, 2013-02-26 There has never been a more important time for a study of the social economic and political origins of Judaism Christianity and Islam the three important world religions that share a common root This book adopts a Marxist that is a materialist view of human development so it takes as its starting point the idea that gods angels miracles and other supernatural phenomena do not exist in the real world and therefore cannot be taken as explanations for the origin and rise of these faiths It looks instead at the material conditions at appropriate periods in antiquity and the social and economic forces that were at work to outline the real foundations of these three doctrines In doing so it challenges the historicity of key figures like Moses Jesus and Mohammed This is a unique book that draws on the research knowledge and expertise of hundreds of historians archaeologists and scholars to create a new synthesis that is both coherent and completely based on a materialist world outlook It is a book written by an unbeliever for other unbelievers as a contribution to a discussion among atheists and secularists as to the real origins of the so called Abrahamic faiths It will be a revelatory read even to those already firmly of an atheist or secularist persuasion underpinning their nonreligious views and it will provide a valuable resource for

all those who might be coming to question the hold that organized religion has had on human society World Religions
