ABSTRACT

The study was designed to investigate the effect of Fadama II project on the performance of fish farming in Imo State. A sample of 30 fadama fish farmers and 30 non-fadama fish farmers were selected by multistage random sampling technique. Data were collected with a well structured questionnaire administered to 60 randomly selected fish farmers. Data collected were analyzed using descriptive statistics, inferential statistics, productivity model and ordinary least square multiple regression technique. The results show that the socio-economic characteristics of the farmers show that majority of the respondents were educated and had appreciable experience in fish farming which enhances their activities. Size of pond and capital invested in the business are important factors that determine output of both group of farmers. Cost of water was found to be insignificant and negative among the non-fadama farmers. It becomes imperative therefore that in order to enhance farmers' income as well as their standard of living, it is recommended that they should be encouraged to join the fadama projects.

Keywords: Profit; Fadama users; non-fadama users; fish farmers;

Worldbank Fadama Farming Project Report:

World Bank Assistance to Agriculture in Sub-Saharan Africa ,2007-01-01 Sub Saharan Africa is a critical development priority it has some of the world s poorest countries and during the past two decades the number of poor in the Region has doubled to 300 million more than 40 percent of the Region s population Africa remains behind on most of the Millennium Development Goals MDGs and is unlikely to reach them by 2015 With some of the world s poorest countries Africa is a development priority for the donor community A major drag on Africa s development is the underperformance of the critical agriculture sector which has been neglected both by donors and governments over the past two decades The sector faces a variety of constraints that are particular to agriculture in Africa and make its development a complex challenge Poor governance and conflict in several countries further complicate matters IEG has assessed the development effectiveness of World Bank assistance in addressing constraints to agricultural development in Africa over the period of fiscal 1991 2006

Digging Deeper: Inside Africa's Agricultural, Food and Nutrition Dynamics ,2014-11-06 This volume attempts to dig deeper into what is currently happening in Africa s agricultural and rural sector and to convince policymakers and others that it is important to look at the current African rural dynamics in ways that connect metropolitan demands for food with value chain improvements and agro food cluster innovations It is essential to go beyond a development bureaucracy and a state based approach to rural transformation such as the one that often dominates policy debate in African government circles organizations like the African Union and the UN and donor agencies

Transforming Agribusiness in Nigeria for Inclusive Recovery, Jobs Creation, and Poverty Reduction Elliot Mghenyi,Cora Dankers,Chidozie Anyiro,James Thurlow,2022-02-08 Nigeria has for decades placed enormous emphasis on diversifying its economy beyond oil and into sectors such as agribusiness and manufacturing Lack of progress on the diversification agenda could be blamed on weak implementation and misalignment of public spending but it also reflects more profound underlying issues For example declarations that any particular sector should drive diversification without offering clarity on specific investment priorities and expected outcomes will not persuade budget holders to allocate development resources The lack of clarity also deprives policy makers and practitioners of the information inspiration and conviction to develop and execute sector plans that could operationalize diversification Transforming Agribusiness in Nigeria for Inclusive Recovery Jobs Creation and Poverty Reduction Policy Reforms and Investment Priorities aims to provide that clarity by illustrating the potential of the agribusiness sector to accelerate inclusive growth create jobs and reduce poverty Building on an early finding that this sector provides the best prospects for inclusive growth and more and better jobs the book identifies the specific agricultural value chains with the highest potential to create jobs reduce poverty and improve nutrition outcomes The findings demonstrate however that the value chains with the most potential to pursue one policy objective are not necessarily as effective for other objectives clearly calling for selectivity of value chains depending on policy objectives The book also estimates the level of

growth required to meet specific jobs targets and finds that the growth burden is lower when on farm and off farm segments of agribusiness grow in tandem and higher if either segment stagnates It concludes that a whole of agribusiness approach that emphasizes coordinated investments between on farm and off farm segments is needed to enable the sector to meet its potential in creating jobs and generating inclusive growth

Governance, Natural Resources and Post-Conflict Peacebuilding Carl Bruch,Carroll Muffett,Sandra Nichols,2016-04-07 When the guns are silenced those who have survived armed conflict need food water shelter the means to earn a living and the promise of safety and a return to civil order Meeting these needs while sustaining peace requires more than simply having governmental structures in place it requires good governance Natural resources are essential to sustaining people and peace in post conflict countries but governance failures often jeopardize such efforts This book examines the theory practice and often surprising realities of post conflict governance natural resource management and peacebuilding in fifty conflict affected countries and territories It includes thirty nine chapters written by more than seventy researchers diplomats military personnel and practitioners from governmental intergovernmental and nongovernmental organizations The book highlights the mutually reinforcing relationship between natural resource management and good governance Natural resource management is crucial to rebuilding governance and the rule of law combating corruption improving transparency and accountability engaging disenfranchised populations and building confidence after conflict At the same time good governance is essential for ensuring that natural resource management can meet immediate needs for post conflict stability and development while simultaneously laying the foundation for a sustainable peace Drawing on analyses of the close relationship between governance and natural resource management the book explores lessons from past conflicts and ongoing reconstruction efforts illustrates how those lessons may be applied to the formulation and implementation of more effective governance initiatives and presents an emerging theoretical and practical framework for policy makers researchers practitioners and students Governance Natural Resources and Post Conflict Peacebuilding is part of a global initiative to identify and analyze lessons in post conflict peacebuilding and natural resource management The project has generated six books of case studies and analyses with contributions from practitioners policy makers and researchers Other books in this series address high value resources land water livelihoods and assessing and restoring natural resources

Costs and Performance of Irrigation Projects Arlene B. Inocencio,International Water Management Institute,Future Harvest (Program),2007 High irrigation investment costs together with declining world prices for food and the failures of a number of high profile past irrigation projects are the main reasons for the reluctance of development agencies and governments in sub Saharan Africa to invest more resources in irrigation This study aims to systematically establish whether costs of irrigation projects in sub Saharan Africa are truly high determine the factors which influence costs and performance of irrigation projects and recommend cost reducing and performance enhancing options to make irrigation investments in the region more attractive It

analyzes 314 irrigation projects implemented from 1967 to 2003 in 50 countries in Africa Asia and Latin America funded by the World Bank African Development Bank and the International Fund for Agricultural Development *African Smallholders* Göran Djurfeldt, Ernest Aryeetey, Aida C. Isinika, 2011 This book investigates how the changed agricultural policy climate affected government policies in the nine countries studied already as part of the preceding project Ethiopia Ghana Kenya Malawi Mozambique Nigeria Tanzania Uganda and Zambia By repeating the cross sectional survey made in over 100 villages in 2002 and converting it into a panel it is possible to trace village and household level effects of agricultural policies and other macro level processes The book consists of 14 chapters most of which revolve around studies on each of the nine case study countries

Is irrigation fit for purpose? A review of the relationships between scheme size and performance of irrigation systems McCarthy, Nancy, Ringler, Claudia, Agbonlahor, Mure Uhunamure, Pandya, A. B., Iyob, Biniam, Perez, Nicostrato, 2023-04-18 Irrigation is increasingly being called upon to help stabilize and grow food and water security in the face of multiple crises these crises include climate change but also recent global food and energy price crises including the 2007 08 food and energy price crises and the more recent crises triggered by the COVID 19 pandemic and the war on Ukraine While irrigation development used to focus on public large scale surface and reservoir fed systems over the last several decades private small scale investments in groundwater irrigation have grown in importance and are expected to see rapid future growth particularly in connection with solar powered pumping systems But is irrigation fit for purpose to support population growth economic development and multiple food energy and climate crises This paper reviews how fit for purpose irrigation is with a focus on economies of scale of surface and groundwater systems and a particular examination of systems in Sub Saharan Africa where the need for expansion is largest The review finds challenges for both larger surface and smaller groundwater systems in the face of growing demand for irrigated agriculture and dwindling and less reliable water supplies To support resilience of the sector we propose both a holistic design and management improvement agenda for larger surface systems and a series of suggestions to improve sustainability concerns of groundwater systems

Adoption of Technology by Subsistence Farmers in Northern Nigeria Jean-Claude Leon Balcet, 1998 Farm technology adoption in the Funtua Gusau and Gombe agricultural development projects

Agriculture in Nigeria: identifying opportunities for increased commercialization and investment, *Improving irrigation project planning and implementation processes in Sub-Saharan Africa: Diagnosis and recommendations*, 2006-01-23 Weaknesses in planning and implementation P I have been identified as one of the main reasons for the disappointing results of agricultural water development and management projects Based on a review and critical analysis of experiences and case studies in sub Saharan Africa this study component proposes practical ways of improving performance related to planning and implementation and thereby enhancing the returns to investments in agricultural water

World Bank Annual Report, 1992, 1992

From the Ground Up: Impacts of a Pro-Poor Community-Driven Development Project in Nigeria Ephraim Nkonya,

Dayo Phillip, Tewodaj Mogues, John Pender, Muhammed Kuta Yahaya, Gbenga Adebawale, Tunji Arokoyo, and Edward Kato, World Bank Annual Report World Bank,1991 *Nigerian Agriculture and the World Bank* Gbenga Okeowo,1998

World Development Report 2008 World Bank,2007-10-15 The world's demand for food is expected to double within the next 50 years while the natural resources that sustain agriculture will become increasingly scarce degraded and vulnerable to the effects of climate change In many poor countries agriculture accounts for at least 40 percent of GDP and 80 percent of employment At the same time about 70 percent of the world's poor live in rural areas and most depend on agriculture for their livelihoods World Development Report 2008 seeks to assess where when and how agriculture can be an effective instrument for economic development especially development that favors the poor It examines several broad questions How has agriculture changed in developing countries in the past 20 years What are the important new challenges and opportunities for agriculture Which new sources of agricultural growth can be captured cost effectively in particular in poor countries with large agricultural sectors as in Africa How can agricultural growth be made more effective for poverty reduction How can governments facilitate the transition of large populations out of agriculture without simply transferring the burden of rural poverty to urban areas How can the natural resource endowment for agriculture be protected How can agriculture's negative environmental effects be contained This year's report marks the 30th year the World Bank has been publishing the World Development Report

Taking stock of IFPRI's experience with country programs Hazell, Peter B.R.,Place, Frank M.,Tollens, Eric,2019-01-16 IFPRI commissioned this study to assess how the country programs CPs are performing which approaches and methods are producing the best outcomes across countries and over time to identify factors that promote or impede their progress and lessons for making them more impactful in the future The study has two major components The first is a survey and analysis of the factors that CP leaders perceived to have most helped them influence host country policies We interviewed all current and most past CP leaders which enabled us to compile evidence from recent CP experiences as well as from the 1980s and 1990s We focused on the lessons they drew from their past successes that shed light on how to make their other activities successful We did not undertake similar interviews on failed efforts because it is much harder to elicit such information from CP leaders Additional insights about unsuccessful activities are however captured in the second component of the study a commissioned external evaluation of the performance of a sample of ongoing country programs Ideally the external evaluation would have included CPs in both Africa and Asia but this was not possible with the available budget We therefore settled for an evaluation of CPs in Africa south of the Sahara Doing so had two advantages 1 the African CPs are more homogenous in terms of their objectives structure and internal IFPRI management making comparisons among them more insightful and 2 the budget was sufficient to both include all the African CPs in some of the analyses and allow the external evaluator to visit three of them

Reengaging in Agricultural Water Management ,2006-01-01 In order to face the challenge of disappointing returns on public investment in irrigation and

drainage new solutions have emerged These solutions are based on widely available technology and new management and governance options The main message of Re engaging in Agricultural Water Management is that the irrigation and drainage sector should not continue to be dealt with as a standalone sector but should be integrated into a broader perspective one that embraces the objectives of productivity growth poverty reduction natural resources management and environmental protection

Assessing Low-Carbon Development in Nigeria Raffaello Cervigni,Irina Dvorak,John Allen Rogers,2013-08-05 The Federal Government of Nigeria has adopted an ambitious strategy to make Nigeria the world s 20th largest economy by 2020 This book analyzes options for Nigeria to achieve these development objectives and pursue low carbon development in the sectors agriculture and land use oil and gas power and transport

From the ground up Nkonya, Ephraim,Phillip, Dayo,Mogues, Tewodaj,Pender, John L.,Kato, Edward,2010-04-05 The community driven development CDD approach has become increasingly popular because of its potential to develop projects that are sustainable are responsive to local priorities empower communities and more effectively target poor and vulnerable groups The purpose of this study is to assess the impacts of Fadama II which is a CDD project and the largest agricultural project in Nigeria This study used propensity score matching PSM to select 1 728 comparable project beneficiaries and nonbeneficiaries The study also used double difference methods to compare the impact indicators

Armed Banditry in Nigeria John Sunday Ojo,Folahanmi Aina,Samuel Oyewole,2024-02-22 In Nigeria armed banditry has emerged as a contemporary threat to national security Commentators and scholars have repeatedly pointed to overlapping foci such as herders farmers conflicts warlordism ungoverned spaces transnational criminal networks and the proliferation of Small Arms and Light Weapons SALW from Libya as dynamics influencing the current security dilemma in Nigeria The emergence of armed banditry has triggered the prevalence of everyday killings kidnapping for ransom property destruction and cattle rustling However the group s origin remains obscure while its objectives and organizational structure are fuzzy This book aims to unravel the evolution dynamics and trajectories of armed banditry in Nigeria As it explores the activities of armed banditry in Nigeria the debate will focus on its historical context socio economic consequences transnational dimensions and the response to armed banditry in Nigeria Furthermore the book will explore whether the scourge of armed banditry represents a new terrorist organization with a distinct ideological orientation if at all or another non state armed group creating and profiting from a criminal economy through the reign of terror In response to the increasing concern for the criminal activities of armed banditry in Nigeria the book anticipates unpacking its emerging trends and operational nomenclature

The Enigmatic Realm of **Worldbank Fadama Farming Project Report**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Worldbank Fadama Farming Project Report** a literary masterpiece penned by a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of those that partake in its reading experience.

Worldbank Fadama Farming Project Report Introduction

Worldbank Fadama Farming Project Report Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Worldbank Fadama Farming Project Report Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Worldbank Fadama Farming Project Report : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Worldbank Fadama Farming Project Report : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Worldbank Fadama Farming Project Report Offers a diverse range of free eBooks across various genres. Worldbank Fadama Farming Project Report Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Worldbank Fadama Farming Project Report Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Worldbank Fadama Farming Project Report, especially related to Worldbank Fadama Farming Project Report, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Worldbank Fadama Farming Project Report, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Worldbank Fadama Farming Project Report books or magazines might include. Look for these in online stores or libraries. Remember that while Worldbank Fadama Farming Project Report, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Worldbank Fadama Farming Project Report eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Worldbank Fadama Farming Project Report full book , it can give you a taste of the authors

writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Worldbank Fadama Farming Project Report eBooks, including some popular titles.

FAQs About Worldbank Fadama Farming Project Report Books

What is a Worldbank Fadama Farming Project Report PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Worldbank Fadama Farming Project Report PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Worldbank Fadama Farming Project Report PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Worldbank Fadama Farming Project Report PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Worldbank Fadama Farming Project Report PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
