Pity and Identity in the Age of Shakespeare Toria Johnson, 2021 Exploring a wide range of material including dramatic works medieval morality drama and lyric poetry this book argues for the central significance of literary material to the history of emotions Early modern English writing about pity evidences a social culture built specifically around emotion one at least partially defined by worries about who deserves compassion and what it might cost an individual to offer it Pity and Identity in the Age of Shakespeare positions early modern England as a place that sustains messy and contradictory views about pity all at once bringing together attraction fear anxiety positivity and condemnation to paint a picture of an emotion that is simultaneously unstable and essential dangerous and vital deceptive and seductive The impact of this emotional burden on individual subjects played a major role in early modern English identity formation centrally shaping the ways in which people thought about themselves and their communities Taking in a wide range of material including dramatic works by William Shakespeare Thomas Heywood Ben Jonson Thomas Middleton and William Rowley medieval morality drama and lyric poetry by Philip Sidney Thomas Wyatt Samuel Daniel Thomas Lodge Barnabe Barnes George Rodney and Frances Howard this book argues for the central significance of literary material to the broader history of emotions a field which has thus far remained largely the concern of social and cultural historians Pity and Identity in the Age of Shakespeare shows that both literary materials and literary criticism can offer new insights into the experience and expression of emotional humanity

The Conflict in Syria and the Failure of International Law to Protect People Globally Jeremy Julian

Sarkin,2021-11-28 This book explores through the lens of the conflict in Syria why international law and the United Nations have failed to halt conflict and massive human rights violations in many places around the world which has allowed tens of millions of people to be killed and hundreds of millions more to be harmed The work presents a critical socio legal analysis of the failures of international law and the United Nations UN to deal with mass atrocities and conflict It argues that international law in the way it is set up and operates falls short in dealing with these issues in many respects The argument is that international law is state centred rather than victim friendly is to some extent outdated is vague and often difficult to understand and therefore at times hard to apply While various accountability processes have come to the fore recently processes do not exist to assist individual victims while the conflict occurs or the abuses are being perpetrated The book focuses on the problems of international law and the UN and in the context of the many enforced disappearances and arbitrary detentions in Syria why nothing has been done to deal with a rogue state that has regularly violated international law It examines why the responsibility to protect R2P has not been applied and why it ought to be used generally and in Syria It uses the Syrian context to evaluate the weaknesses of the system and why reform is needed It examines the UN institutional mechanisms the role they play and why a civilian protection system is needed It examines what mechanism ought to be set up to deal with the possible one million people who have been disappeared and detained in Syria The book will be a valuable resource for students academics and policy makers working in the areas of public international law international human rights law political science and peace and security studies Impeding Bullying Among Young Children in International Group Contexts Blythe F. Hinitz,2018-07-02 This volume showcases proven approaches and strategies to diminish the world wide problem of bullying and constitutes an overview of an international and multilingual English Spanish and Bahasa Indonesian approach to anti bullying harassment intimidation and teasing HIBT education Chapter topics include the genesis of The Anti Bullying and Teasing Book in response to a need for program materials for younger children the tri lingual implementation of the program in two countries the infusion of the program into the ongoing curriculum and practice of two schools the museum as an alternative setting for creative practice and adaptations of the program based on culture and language Impeding Bullying Among Young Children in International Group Contexts is a critical resource for educators administrators and policy makers seeking to implement better strategy and policy to combat bullying **National Union Catalog** ,1978 Includes entries for maps and atlases Soviet Constitutional Crisis Robert S. Sharlet,1992 Moving from the adoption of the post Stalin Constitution of 1977 through its subsequent implementation under Brezhnev Andropov and Chernenko to the radical legal restructuring of the Gorbachev years Robert Sharlet traces the gradual evolution of a nascent constitutionalism in the erstwhile USSR Sharlet a noted authority on Soviet law and constitutional development demonstrates the gradual transformation of law from an instrument of Communist Party rule into the new rules of the game for nonauthoritarian political development In effect he argues one of Gorbachev s most durable achievements may be his

redefinition of Soviet politics into a legal idiom along with his relocation of policymaking from behind the closed doors of Party conclaves into the more open emergent arena of constitutional government In analyzing the politics of law from the Brezhnev era to the rise of Yeltsin the author takes account of the war of laws the symbolic uses of the Soviet constitution and even the fact that the leaders of the failed coup attempted to justify their seizure of power on constitutional grounds Constitutionalism has sufficiently suffused Soviet public life the book concludes that most of the sovereign republics as successors to the former USSR have begun designing their futures to varying degrees in constitutional forms

The Future of Democracy Peter Levine, 2015-01-06 We need young people to be civically engaged in order to define and address public problems Their participation is important for democracy for institutions such as schools and for young people themselves who are more likely to succeed in life if they are engaged in their communities In *The Future of Democracy* Peter Levine scholar and practitioner sounds the alarm in recent years young Americans have become dangerously less engaged They are tolerant patriotic and idealistic and some have invented such novel and impressive forms of civic engagement as blogs boycott movements and transnational youth networks But most lack the skills and opportunities they need to participate in politics or address public problems Levine's timely manifesto clearly explains the causes symptoms and repercussions of this damaging trend and most importantly the means whereby America can confront and reverse it Levine demonstrates how to change young people's civic attitudes skills and knowledge and equally importantly to reform our institutions so that civic engagement is rewarding and effective We must both prepare citizens for politics and improve politics for citizens

Michael Rifenburg,2022-10-14 Drilled to Write offers a rich account of US Army cadets navigating the unique demands of Army writing at a senior military college In this longitudinal case study J Michael Rifenburg follows one cadet Logan Blackwell for four years and traces how he conceptualizes Army writing and Army genres through immersion in military science classes tactical exercises in the Appalachian Mountains and specialized programs like Airborne School Drawing from research on rhetorical genre studies writing transfer and materiality Drilled to Write speaks to scholars in writing studies committed to capturing how students understand their own writing development Collectively these chapters articulate four ways Blackwell leveraged resources through ROTC to become a cadet writer at this military college Each chapter is dedicated to one year of his undergraduate experience with focus on curricular writing for his business management major and military science classes as well as his extracurricular writing like his Ballroom Dance Club bylaws and a three thousand word short story In Drilled to Write Rifenburg invites readers to see how cadets are positioned between civilian and military life a curiously liminal space where they develop as writers Using Army ROTC as an entry into genre theory and larger conversations about

the role higher education plays in developing Army officers he shows how writing students develop genre awareness and flexibility while forging a personal identity

Race, Ethnicity, and the Participation Gap Juliet Pietsch, 2018-11-21

Race Ethnicity and the Participation Gap begins with the argument that political institutions in settler and culturally diverse societies such as Australia the United States and Canada should mirror their culturally diverse populations Compared to the United States and Canada however Australia has very low rates of immigrant and ethnic minority political representation in the Commonwealth Parliament particularly in the House of Representatives The overall existence of racial hierarchies within formal political institutions represents an inconsistency with the democratic ideals of representation and accountability in pluralist societies Drawing on findings from the United States Canada and Australia Juliet Pietsch reveals that the lack of political representation in Australia is significant when compared to the United States and Canada revealing a serious democratic deficit Her book is devoted to exploring this central puzzle why is it that despite having a similar history to other settler countries Australia shows such comparatively low rates of political participation among its immigrant and ethnic minority populations from non British and European backgrounds In addressing this crucial question Race Ethnicity and the Participation Gap examines the impact of Australia's alternative path on the political representation of immigrants and ethnic minorities
