Joseph of Arimathea Mark McGiveron,2020-01-09 Joseph of Arimathea the graveside attendant to the crucified Jesus

is one of the most mysterious figures in the New Testament The Gospels make no mention of him during Jesus early ministry Then he steps out of the shadows and takes centre stage at the pivotal moment upon which the central mystery of Christianity is based He then seemingly disappears from Church history The Acts of the Apostles makes no mention of him and neither do the Epistles To the sceptical tradition this disappearance suggests that no such person ever existed In this booklet Mark McGiveron assesses the often proposed theory that Joseph of Arimathea is mythological and was created by the Gospel writers to aid the narrative of the entombment of Jesus The present study thus represents a back door entry to the study of the historicity of the Gospels and in particular the Passion accounts within them **Gwyn** Yuri Leitch,2020-08-31 Glastonbury s most ancient mysteries the true roots of Avalon as an otherworldly realm and the legends of Gwyn ap Nudd Britain s original hunter god with many original beautiful illustrations and quotes from arcane medieval Welsh manuscripts

Offering a terrifying but very possible scenario of a world on the edge of disaster this work suggests that World War III has become a real threat Germany and Japan have gathered military strength the US has retrenched to make way for economic globalization the UN is widely discredited and NATO has lost its way In their place the bodies controlling the global economic order hold a growing authority in an increasingly unstable world In this book the author sets out to demonstrate that World Wars I and II were both preceded by trade disputes minor conflicts in peripheral zones and vain attempts to reconcile competing interests peacefully He argues that history is repeating itself and that the changing balance between the Great Powers after the collapse of the USSR have set the conditions for new conflict He maintains that there is a very real risk that the next flashpoint will ignite to create World War III
