

The Cold War:

From Hot War to Cold War:

- During WWII Britain and the USA were allies of the Soviet Union fighting against Germany.
- After the war they became enemies.
- After Hiroshima, and particularly after 1949 when Russia developed the atomic bomb, politicians realised that another 'hot war' would kill all humankind – war would be **MAD** (mutually assured destruction).
- So they stopped short of war – the 'cold war'.
- They didn't declare war but they did everything to oppose each other short of war.
- It was called the 'cold war'. It lasted until 1989.

Causes of the Cold War

1 Beliefs

- The Soviet Union was a Communist country run by a dictator who cared little for human rights.
- The USA was a capitalist democracy which valued freedom.

2 Aims

- Stalin wanted huge reparations from Germany and a 'buffer' of friendly states to protect the USSR from being invaded again.
- Britain and the USA wanted to protect democracy and help Germany to recover.
- They were worried that large areas of Eastern Europe were falling under Soviet control.

3 Resentment about History

- The Soviet Union could not forget that in 1918 Britain and the USA had tried to destroy the Russian Revolution.
- Stalin also thought that they had not given him enough help in the Second World War.
- Britain and USA did not forget that Stalin had signed the Nazi-Soviet Pact with Germany in 1939.

4 Events

- Neither side trusted each other.
- Every action they took made them hate each other more.

Who Caused the Cold War?

- Russian historians blame Churchill and Truman.
- They said Truman and Churchill wanted to destroy the USSR which was just defending itself.
- At first western writers blamed the Soviet Union.
- They said Stalin was trying to build up a Soviet empire.
- Some western historians later blamed the USA.
- They said Truman had not understood how much Russia had suffered in WWII.
- Nowadays, historians think **BOTH** sides were to blame – that there were hatreds on both sides.

Potsdam July 1945:

- At Potsdam, the Allies decided the post-war peace – Potsdam was the Versailles of WWII.
- America had a new president, Truman, who was determined to 'get tough' with the Russians.
- Truman knew America had just tested the first atomic bomb.
- It gave the Americans a huge military advantage over everyone else.
- In March 1945 Stalin had invited non-Communist Polish leaders to meet him and arrested them.
- So at Potsdam the arguments came out into the open.

World History Chapter 1 Cold War:

Cold War US Foreign Policy Steven Hurst, 2019-07-31 This book provides the first comprehensive description and critique of the six most important historical interpretations of US Cold War foreign policy Traditionalism Revisionism Post Revisionism Corporatism World Systems Theory and Post Structuralism The author uses the levels of analysis approach to demonstrate how each of these perspectives can be understood as an explanatory framework combining different types of factors located at different levels of the international system This original way of explaining the work of the historians discussed helps the reader to see past the narrative and empirical elements of their writings and to grasp more clearly the underlying theoretical assumptions In each chapter a description of the perspective s underlying theoretical framework and how it explains US foreign policy is followed by a critique of that theory and explanation A central theme developed throughout the book is the difficulty of managing the constant tension between the explanatory power of theory and the historian s desire to encompass the complex totality of historical events This critical companion can be read alongside the works of the historians themselves showing how they have sought to explain US Cold War foreign policy and the key differences between their perspectives Key Features 1st complete discussion of the 6 schools of thought in one volume Discusses current issues such as corporatism world systems theory and post structuralism in an accessible manner original use of the levels of analysis framework in studying this subject demonstrates in practical terms how each theory explains US Cold War foreign policy A Concise History of the World Since 1945 W. M. Spellman, 2020-09-16 This lively synthesis of global history since the end of World War II offers a gripping account of an interdependent world and the challenges facing individuals in the 21st century The narrative is arranged around two key tensions the struggle between socialism and free market capitalism and the interaction between cultural fragmentation and the competing integrative force of globalization Considering the historical experience of Africa Asia and Latin America as well as the West it addresses the ever expanding gulf between the developed North and developing South and the environmental impact of development on the planet s delicate ecosystems Authoritative and well written this is an ideal introductory guide for undergraduate and postgraduate students taking courses on global history since 1945 It is also a fascinating primer for anyone with an interest in global history and the issues affecting the globe today New to this Edition Updated to cover events since 2006 including the conflicts in Afghanistan Iraq and Syria China s economic and military advance to great power status the refugee crises and the global financial crisis of 2008 New material on the international drugs trade global opioid crisis and healthcare implications Expanded material on social media Updated material on environmental issues considering US disengagement from traditional global partners in the area of climate change and the Trump administration s distrust of climate science and executive roll back of established environmental laws More social history especially coverage of women and recent developments around issues of sexuality Expanded section on Islam to include developments within the mainstream as
