contents the Harivamsa foregrounds a stepped up term for wonder *ascarya* that drives home the point that Vishnu and Krishna are one. Two scholars of the 9th and 10th centuries Anandavardhana and Abhinavagupta identified the Mahabharata's dominant *rasa* as *santarasa* the mood of peace. This has traditionally been received as the only serious contestant for a basic interpretation of the epic. Hiltebeitel disputes both the positive claim that the *santarasa* interpretation is correct and the negative claim that *adbhutarasa* is a frivolous *rasa* that cannot sustain a major work. The heart of his argument is that the Mahabharata and Harivamsa both deploy the terms for wonder and surprise *vismaya* in significant numbers that extend into every facet of these heterogeneous texts showing how *adbhutarasa* is at work in the rich and contrasting textual strategies which are integral to the structure of the two texts. *Robertson Davies' World of Wonders*, 1992. [The Enthusiasms of Robertson Davies](#) Robertson Davies, 1979. This is a collection of Davies's popular non-fiction writing with reviews, opinions and observations on people and books alike. *The Routledge Companion to Theatre-Fiction* Graham Wolfe, 2023-11-14. Novelists have long been attracted to theatre. Some have pursued success on the stage but many have sought to combine these worlds entering theatre through their fiction, setting stages on their novels' pages and casting actors, directors and playwrights as their protagonists. The Routledge Companion to Theatre Fiction has convened an international community of scholars to explore the remarkable array of novelists from many eras and parts of the world who have created fiction from the stuff of theatre, asking what happens to theatre on the pages of novels and what happens to novels when they collaborate with theatre. From J. W. Goethe to Louisa May Alcott, Mikhail Bulgakov, Virginia Woolf and Margaret Atwood, some of history's most influential novelists have written theatre fiction and this Companion discusses many of these figures from new angles. But it also spotlights writers who have received less critical attention such as Dorothy Leighton, Agustín de Rojas Villandrando, Ronald Firbank, Syed Mustafa Siraj, Li Yu and Vicente Blasco Ibáñez, bringing their work into conversation with a vital field. A valuable resource for students, scholars and admirers of both theatre and novels, The Routledge Companion to Theatre Fiction offers a wealth of new perspectives on topics of increasing critical concern including intermediality, theatricality, antitheatricality, mimesis, diegesis and performativity. [The Deptford Trilogy](#) Robertson Davies, 1987. *One Half of Robertson Davies* Robertson Davies, 2020-05-21. A collection of speeches on literature, academia and more by the extremely entertaining novelist and public speaker. The Washington Post. These public addresses by the acclaimed Canadian man of letters and New York Times bestselling author Robertson Davies provide portraits of literary personalities, advice on writers and writing and comments on academia and the modern world. Whether giving advice to schoolgirls, discussing the Age of Aquarius as seen by alchemists, exploring Jungian psychology in the theater and insanity in literature or telling us how to design a haunted house, Davies brings to all his subjects the same intensity and marvelous craftsmanship that are the hallmarks of his fictional creations. [The Manticore](#) Robertson Davies, 1977-04. In which David Staunton continues his psychoanalysis in Zurich and falls in love with his analyst Doctor Helena Von Haller. **Aspects of Robertson Davies'**

sociological genesis of the text the author invokes the models and paradigms of other literatures to establish a broader cultural context permitting the significance of a literature to emerge as a carrier of meaning in and beyond the culture that produces it Tracing a critical path from Hugh MacLennan's hierarchic romance structures and Gabrielle Roy's social realism to the metafiction of Hubert Aquin and Timothy Findley the author reveals that the novel's narratological features themselves are often closely linked with ideological positions

Peripheral Fear Gerry Turcotte, 2009 This is a pioneering work published here for the first time in its complete form At a time when Gothic studies still concentrated on traditional European and American Gothic the author laid the foundations for the exploration of how Gothic conventions were transported and transformed in places remote from Europe Through a detailed reading of 19th and 20th century examples of Canadian and Australian Gothic fiction this work demonstrates the transformative potential of a once much maligned mode in what were arguably neglected national literatures

Unlikely Muse Daniel Kornstein, 2010 This trail blazing book explores previously uncharted aspects of law and literature as well as the psychology paradoxes and wonderful mystery of creativity A study of artistic inspiration *Unlikely Muse* examines and analyzes the lives and works of three very different writers who combine law literature and imagination nineteenth century French novelist Honoré de Balzac modernist American poet Wallace Stevens and controversial playwright memoirist Lillian Hellman From the literary careers of those three writers emerge two intertwined and exciting new themes The first theme demonstrates unexpected synergy between law and literature Opening original lines of inquiry *Unlikely Muse* probes the possible relationship between legal training and artistic creativity A surprisingly large number of great creative artists writers such as Balzac poets such as Stevens painters such as Matisse and composers such as Tchaikovsky studied or practiced law This book asks whether such people became great creative artists because of or despite their legal background Others such as Hellman had no legal training but wrote much about the law This book sketches the intellectual atmosphere and biographical background that shaped these three writers creative process highlighting the impact of the law on their work The second theme uses these same three writers to focus on the changing role of imagination in literature From Balzac through Stevens to Hellman and beyond the author traces imagination's arc from a positive artistic quality to something that is sometimes more controversial perhaps deceitful and negative In the last few decades ever since Hellman's memoirs were attacked as untrue journalists memoirists and other writers have palmed off works of fiction as non fiction often causing literary scandals This book offers a new theory why this phenomenon is happening and how it should be regarded
