Beyond Rationality Kenneth R. Hammond,2007-01-04 With Beyond Rationality Kenneth R Hammond one of the most respected and experienced experts in judgment and decision making sums up his life s work and persuasively argues that decisions should be based on balance and pragmatism rather than rigid ideologies Hammond has long focused on the dichotomy between theories of correspondence whereby arguments correspond with reality and coherence whereby arguments strive to be internally consistent He has persistently proposed a middle approach that draws from both of these modes of thought and so avoids the blunders of either extreme In this volume Hammond shows how particular ways of thinking that are common in the political process have led to the mistaken judgments that created our current political crisis He illustrates this argument by analyzing penetrating case studies emphasizing the political consequences that arise when decision makers consciously or unconsciously ignore their adversaries particular mode of thought These analyses range from why Kennedy and Khrushchev misunderstood each other to why Colin Powell erred in his judgments over the presence of weapons of mass destruction in Iraq For anyone concerned about the current state of politics in the U S and where it will lead us Beyond Rationality is required reading **Foreign Fighters and the Extreme Right** Daniel Koehler,Miroslav

Mareš,2025-10-29 Foreign Fighters and the Extreme Right is the first comprehensive academic study taking an in depth look at white supremacists neo Nazis and other right wing extremists leaving their home countries to join armed groups fighting in civil wars and other armed conflicts The phenomenon known as Foreign Fighters has so far mainly been looked at in the context of Jihadist groups like ISIS recruiting fighters from all over the world for the Syrian and Iraqi conflicts Widely unnoticed the war ongoing in Ukraine has also resulted in a stream of foreign recruits but with a totally different ideology Right wing extremists from many countries have travelled to Ukraine in order to take part in the armed conflict against Russia Many have already returned to their countries of origin mostly unnoticed and unhindered by law enforcement agencies Looking more carefully one also can see a much longer history of right wing extremist foreign fighting in various
