**Devolution** Max Brooks, 2020-05-19 FROM THE #1 BESTSELLING AUTHOR OF WORLD WAR Z \_\_\_\_\_ As the ash and chaos from Mount Rainier's eruption swirled and finally settled the story of the Greenloop massacre has passed unnoticed unexamined until now But the journals of resident Kate Holland recovered from the town's bloody wreckage capture a tale too harrowing and too earth shattering in its implications to be forgotten In these pages Max Brooks brings Kate's extraordinary account to light for the first time faithfully reproducing her words alongside his own extensive investigations into the massacre and the beasts behind it once thought legendary but now known to be terrifyingly real Kate's is a tale of unexpected strength and resilience of humanity's defiance in the face of a terrible predator's gaze and inevitably

of savagery and death Yet it is also far more than that Because if what Kate Holland saw in those days is real then we must accept the impossible We must accept that the creature known as Bigfoot walks among us and that it is a beast of terrible strength and ferocity Part survival narrative part bloody horror tale part scientific journey into the boundaries between truth and fiction this is a Bigfoot story as only Max Brooks could chronicle it and like none you ve ever read before

Devolution is one of the greatest horror novels I ve ever read The characters soar the ideas sing and it s all going to scare the living daylights out of you Blake Crouch author of Dark Matter and Recursion Devolution is spell binding It is a horror story about how anyone especially those who think they are above it can slowly devolve into primal instinctual behaviour I was gripped from the first page to the last Les Stroud creator of Survivorman

May Stone,2023-08-02

Challenging the human understanding of life and death the zombie figure represents a fragmentation of personhood From its earliest appearances in literature the zombie characterized a human being that was no longer an indivisible whole embodying the ontological debate over which elements of personhood are most uniquely human Through its literary evolution the zombie's missing element gradually approached a finer definition as narratives moved beyond highlighting

metaphysically opaque concepts like soul or will Studying over a century of American literary history this book explores how zombies translate cultural concepts and definitions of personhood Chapters detail how literary zombies have long presented narratives of American cultural self examination [The Harlem Hellfighters](#) Max Brooks,2014-04-01 From bestselling

author Max Brooks the riveting story of the highly decorated barrier breaking historic black regiment the Harlem Hellfighters In 1919 the 369th infantry regiment marched home triumphantly from World War I They had spent more time in combat than any other American unit never losing a foot of ground to the enemy or a man to capture and winning countless decorations Though they returned as heroes this African American unit faced tremendous discrimination even from their own government The Harlem Hellfighters as the Germans called them fought courageously on and off the battlefield to make Europe and America safe for democracy In THE HARLEM HELLFIGHTERS bestselling author Max Brooks and acclaimed illustrator Caanan White bring this history to life From the enlistment lines in Harlem to the training camp at Spartanburg South Carolina to the trenches in France they tell the heroic story of the 369th in an action packed and powerful tale of honor and heart [The Ultimate Book of Movie Monsters](#) Christopher Carton,2022-07-20 Do you believe in monsters We

dare you to take a look inside this cursed tome containing some of the most iconic and obscure monsters from the history of cinema Cower in fear of Count Dracula and his dreaded children of the night Abandon hope as the mightiest kaiju ever seen on film decimate all around them Pray that silhouette at the end of your bed is just a shadow and not the dreaded Babadook Spanning nearly a century of cinematic terrors The Ultimate Book of Movie Monsters showcases creatures from genres such as horror fantasy B movies and even musicals Along with legendary beasts like Frankenstein's monster Godzilla the Living Dead and the mostly friendly creatures of Monsters Inc you'll find film facts creature strengths and weaknesses and over 150 full color pictures of the monsters themselves From the era of stop motion beasties to the cinematic showdown of the century in Godzilla vs Kong film lovers and horror aficionados will find plenty to keep their lust for terror satiated But beware for the beasts that dwell within these forsaken pages may just keep you up all night You have been warned [Living with the Living](#)

Dead Greg Garrett, 2017 In *Living with the Living Dead* Greg Garrett shows that the zombie apocalypse has become an archetypal narrative for the contemporary world in part because zombies can represent a variety of global threats from terrorism to Ebola from economic uncertainty to mental illness But paradoxically this narrative also offers human beings a chance to find emotional and spiritual comfort these apocalyptic stories about individuals facing the imminent prospect of grisly death also offer us wisdom about living in community present us with real world ethical problems and invite us into a conversation about what it means to survive
