**The Rich and Creamy Ricotta Cheese Cookbook** Kevin Feron, 2023-07-10 With life being fast paced nowadays it's difficult to make time to cook meals from scratch. But it's essential enough for me to make it my priority. Cooking at home is good not only for my family but also for me. So why don't we create our own tasty dishes with the recipes in the book *The Rich and Creamy Ricotta Cheese Cookbook*. Consider *The Rich and Creamy Ricotta Cheese Cookbook* as a celebration of bringing people together through good food like sharing here most of my personal favorites as well as some recipes I got from my family and friends. In most of the recipes, preparation, cooking, and cooling times are included. A dish that takes me half an hour to make may take you just 15 minutes or an hour. Just as some ovens heat faster and some people slice ingredients more quickly than others. Don't be disheartened if it takes you longer to prepare a dish or the outcome doesn't look like the one in the photo. What matters more is owning and enjoying the cooking experience. More than the recipes and food photos in this book, I hope to inspire you to unlock ways to cook meals that are truly yours, whether you just want to experiment in the kitchen as a beginner or you're looking to learn new recipes to add to the selection of meals you've been serving for years. Regardless, just enjoy cooking. In case you mess up, you can always order pizza. As the immigration of different cultures continues to flood this land of opportunity, a revolution is taking place in the fusion of their cultures and cuisines. This transformation has been very prominent in the last 50 years, and it is clearly visible in the emerging American cuisine. Practically, this cuisine has fused to become a spectacular global cuisine. In my book, I am not only giving the recipes that we love so dearly but also tried to emphasize the history and origin of these recipes and describe the use of healthful ingredients and spices to prolong your life. We have to watch what we eat. I am trying to bring this point to the attention of the reader that according to ancient Indian treatises and modern scientific research, it is established that the use of spices is not only for taste but it is for their hidden meaning. They have anti-carcinogenic properties, and their use is very important to maintain a good healthy lifestyle.

Americans are heavily ridden with obesity heart diseases diabetes breast cancer and many other diseases Being an American East Indian pioneer with my east Indian wisdom of Ayurvedas my idea is to make these exotic recipes as healthy as possible by using these spices I have also tried to capture and write the history and origin of these recipes My basic point of view is that to make the food delicious use fresh ingredients herbs and spices and do not try to over load them with various cheeses creams sugars and lards to make them delicious You are what you eat Most of these foreign recipes have historical dimensions and origin They have now shaped themselves gradually to suit the American pallet and have become an integral part of American cuisine We can make them equally delicious by wisely using healthful ingredients In order to make these books interesting and enjoyable they are written with easy step by step instructions I am hopeful that these books Americas Favorite Recipes Part I Part II and Part III will soon become your favorite coffee table books as well as your recipe books
