Tagtaginep - My Dream of Opportunity Roddy Espiritu, 2013-03 This book contains my impressions and perspectives of the Philippines the United States and the world for that matter of my life struggles and dream of opportunity It's intended as a guidebook for regular and ordinary life both in the Philippines and in the United States depending on your inclinations abilities income and economic status Consider this as a report from my own listening post It contains actual interviews with people and excerpts from newspapers magazines books and the Internet My intention was to depict my own personal life and my family's and write about my own story based upon personal experiences but also to describe certain mores attitudes

customs and cultures of various people in Philippine and American society as I see or interpret them trying not to offend or annoy. My observations may not jibe with some people's cultural make up, political conviction, religious beliefs, personal experience, sensitivity and interpretation of certain issues and things, but such is life. I know that no matter where I stand and wherever I go, it's always my opinion against any others and I have lots of opinions that can cause obvious negative reactions in the simplest of minds. The world is full of cuckoos and we even admire some of them depending on who you ask. When it comes to some very burning questions, the first casualty is truth, since there's a big difference between knowing the real story and the story we're told. The historical events and lore that I have used as backdrop are based upon factual records and are of common knowledge in the Philippines and in the United States, but people inject their own spin, opinion, hypocrisy, dogma, self-righteousness, politics, pandering, feeling, insight and experience into certain circumstances as I did. I have tried to be as truthful and transparent as possible in my own light. You can scoff at me, but I have no political agenda and I'm not a conspiracy theorist. I am just that I am. I'm not rewriting history, but trying to give history its true light and history is fickle. In my defense, I quote the philosopher Voltaire: "I disapprove of what you say, but I will defend to the death your right to say it." I also have to show my credentials as Filipino, so as to be able to tell Filipino jokes and not get in trouble, in consideration that this is my swan song. I have lived in these United States since 1968, been drafted to the conflict in Vietnam, worked long and hard in my profession, have family, traveled far, now retired, and have seen so much of the American society that I almost think of myself as a native. On this note, I beg for tolerance.
