Rabbit Stew for Your Soul Bob Ford, 2019-09-19 Bob Ford has been hunting rabbits since he was a kid and has traveled the country with hunting beagles One thing about being a successful hunter is that you will get to enjoy wild game at your kitchen table Over the years Ford has developed many recipes for rabbit and you will find just a few of them here He developed these recipes over more than three decades Some go back to meals that the author's mother made Visits to restaurants inspired others An abundance of harvested rabbits inspired some of the recipes while others were created for those hunts where just one rabbit is brought to the game vest Rabbit meat domesticated is now very popular and while Bob created these recipes with wild game they certainly would work well with domesticated rabbits as well making adjustments for the increased size of domesticated rabbits Rabbits are a sustainable source of protein and very low in fat The contents of this book are recipes developed by a good hunter who is a good home cook What Springs of Rain Lindsay Erin

and Technology (Routledge Revivals) E. Mishan, 2013-02-01 First published in 1980 *Pornography Psychedelics and Technology Essays on the Limits to Freedom* focuses on the crucial connections between technological growth and the more salient features of social malaise in the latter part of the twentieth century Professor Mishan is one of the few economists absorbed by the larger social questions and does not believe that the growth in state intervention and the decline of social liberty are simply the result of intellectual confusion and bureaucratic momentum He sees them as unavoidable consequences of scientific and technical progress While agreeing with many of his fellow economists in acknowledging the virtues of a competitive market economy Professor Mishan is acutely aware of its limitations Following the growth of self styled liberation movements seen as manifestations of a move towards a world of greater individual emancipation and fulfilment the author nevertheless groups such movements together with the rising indices of violence suicide family breakdown and hooliganism which have become indicative of a growing disorientation and social disintegration These developments and the hazards they entail however are bound up with the rapid scientific and technological progress of the post war world
