Plenty Alisa Smith,J.B. MacKinnon,2008-04-22 The remarkable amusing and inspiring adventures of a Canadian couple who make a year long attempt to eat foods grown and produced within a 100 mile radius of their apartment When Alisa Smith and James MacKinnon learned that the average ingredient in a North American meal travels 1 500 miles from farm to

plate they decided to launch a simple experiment to reconnect with the people and places that produced what they ate For one year they would only consume food that came from within a 100 mile radius of their Vancouver apartment The 100 Mile Diet was born The couple s discoveries sometimes shook their resolve It would be a year without sugar Cheerios olive oil rice Pizza Pops beer and much much more Yet local eating has turned out to be a life lesson in pleasures that are always close at hand They met the revolutionary farmers and modern day hunter gatherers who are changing the way we think about food They got personal with issues ranging from global economics to biodiversity They called on the wisdom of grandmothers and immersed themselves in the seasons They discovered a host of new flavours from gooseberry wine to sunchokes to turnip sandwiches foods that they never would have guessed were on their doorstep The 100 Mile Diet struck a deeper chord than anyone could have predicted attracting media and grassroots interest that spanned the globe The 100 Mile Diet A Year of Local Eating tells the full story from the insights to the kitchen disasters as the authors transform from megamart shoppers to self sufficient urban pioneers The 100 Mile Diet is a pathway home for anybody anywhere Call me naive but I never knew that flour would be struck from our 100 Mile Diet Wheat products are just so ubiquitous the staff of life that I had hazily imagined the stuff must be grown everywhere But of course I had never seen a field of wheat anywhere close to Vancouver and my mental images of late afternoon light falling on golden fields of grain were all from my childhood on the Canadian prairies What I was able to find was Anita s Organic Grain Flour Mill about 60 miles up the Fraser River valley I called and learned that Anita s nearest grain suppliers were at least 800 miles away by road She sounded sorry for me Would it be a year until I tasted a pie From The 100 Mile Diet **Billboard** ,1957-05-06 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Great Garter Stitch** Jean Leinhauser,Rita Weiss,2008 A guide to knitting sweaters vests jackets etc with garter stitches Turn Left at the Trojan Horse Brad Herzog,2010 A modern day Odysseus Herzog plunges into a solo cross country search for insight With middle age bearing down on him he takes stock How has he measured up to his own youthful aspirations In contemporary America what is a life well lived What is a heroic life
