Sex And Deviance:

   Sex and Deviance Guillaume Faye,2015-02-10 Sex and Deviance is at once a raging critique of the values underpinning contemporary Western societies and a down to earth pragmatic vision of the future Guillaume Faye is meticulous in his analysis of the points at which Western societies have deviated from their golden mean thus having triggered the tidal wave of social ills that they are facing and can expect to face Faye identifies at the centre of this vortex the matter of sex and sexuality and with this proffers an answer to the perennial question What is the glue that holds societies together Faye s penetrating assault on the specious thinking of ideologues is certain to rattle the convictions of those from across the spectrum Much more than just a socio political exposition this book is an invitation to shed old ways of thinking and to begin new hard headed discussion over the most pertinent issues of this century Guillaume Faye was one of the principal members of the famed French New Right organisation GRECE in the 1970s and 80s After departing in 1986 due to his disagreement with its strategy he had a successful career on French television and radio before returning to the stage of political philosophy as a powerful alternative voice with the publication of Archeofuturism Since then he has continued to challenge the status quo within the Right in his writings earning him both the admiration and disdain of his colleagues   Sexual Deviance D.
