DOWNLOAD NOW An Illustrated Guide to Practical Sexual Positions C. W. Pollard,2012-01-12 When you first start having sex you are just happy to be doing it and you give little thought to all the possibilities that exist as to how men and women pair together That doesn t last long Once you have begun having sex there is a strong desire to explore and see just how many ways you can find that we can fit together with no pieces left over This book was written to aid you in that quest Now there is nothing new about a sexual positions manual The

famous Indian love manuals were written thousands of years ago and stand as proof to humankind's enduring desire for knowledge on the subject. However, based on my own experience, many of the love manuals that exist are full of impractical positions that you need to be a contortionist to appreciate. I'm not, and I am willing to bet you aren't either. Chances are you are a horny man or woman that is set on seeing what practical possibilities exist for you in the bedroom. Hopefully, this is what you are getting in this book. This is a book full of practical sexual positions. These positions are comfortable and can be assumed by anyone. You don't need any sex swings, straps, pulleys, or cranes to make them work. Two horny people and a comfortable place will suffice. In addition to not needing anything special to assume these positions, this book also will present in practical terms the strengths and weaknesses of the positions in no-nonsense, easy-to-understand terms. This is exactly the book you need to spice up your bedroom antics and create a richer, more fulfilling, wilder, and interesting sex life. **Sex**

Positions Sexy Joe, 2019-11-18. Would you like to improve your sex life? Are you bored with that one you have now? Or do you just want to discover more about sex? Sex is one of the topics that people find challenging to discuss freely. The information you will gather from *Sex Positions* is essential to help you understand sex better and enjoy it with your partner. This book will walk you through your sex journey, whether as a beginner or someone who has had sex for a long time and wants to try other things in the bedroom. You can be sure that this book has the details you need to know to make your sex life more vibrant and exciting. There is always the first time in doing something, and sex or intercourse is not an exception. People have assumptions that sex is about having a penis inside the vagina or in the anus, but sex is much more than penetration. The truth is that sex should come in different ways to make it more exciting and to help build the intimacy bond. You must realize that every sexual partner must be having different sexual experiences and expectations. When someone accepts to have sex with you, they are giving you a chance to provide them with a good experience because sex is one of the things that should be enjoyable. This book was written to illustrate the different sex positions that one can use to maximize the opportunity of creating unforgettable sex. An area that seems to have some misunderstanding is that sex is a man's demand, but a woman's willingness. That is a deception that needs correction because sex should be fun to both the woman and the man. Some people often find it hard to want to try something new, such as a new sex position. You must spice up your sex life by doing it differently and being curious and creative with your sexual practice. This book has been put together to help you and your partner to learn and practice the unique instructions and advice that will send you to a different world of sexual experience. Inside this book, you will find general sex education that gives a general overview of sex, the benefits of sex, and the different types of orgasm and how to achieve them. The beginner's sex positions that are good to break your curiosity, intermediate sex positions which you can use as you develop your experience in sex and intercourse, the intermediate positions are well manageable and can add a twist to your sexual experience. Advanced sex positions take you deeper into complicated but highly satisfying sex. These superior sex positions need you to be courageous and daring when trying them. They are positions
