Heterosexual Africa? Marc Epprecht,2008-08-15

Heterosexual Africa The History of an Idea from the Age of Exploration to the Age of AIDS builds from Marc Epprecht's previous book *Hungochani* which focuses explicitly on same sex desire in southern Africa to explore the historical processes by which a singular heterosexual identity for Africa was constructed by anthropologists ethnopsychologists colonial officials African elites and most recently health care workers seeking to address the HIV AIDS pandemic This is an eloquently written accessible book based on a rich and diverse range of sources that will find enthusiastic audiences in classrooms and in the general public Epprecht argues that Africans just like people all over the world have always had a range of sexualities and sexual identities Over the course of the last two centuries however African societies south of the Sahara have come to be viewed as singularly heterosexual Epprecht carefully traces the many routes by which this singularity this heteronormativity became a dominant culture In telling a fascinating story that will surely generate lively debate Epprecht makes his project speak to a range of literatures queer theory the new imperial history African social history queer and women's studies and biomedical literature on the HIV AIDS pandemic He does this with a light enough hand that his story is not bogged down by endless references to particular debates *Heterosexual Africa* aims to understand an enduring stereotype about Africa and Africans It asks how Africa came to be defined as a homosexual free zone during the colonial era and how this idea not only survived the transition to independence but flourished under conditions of globalization and early panicky responses to HIV AIDS

Beads of life Marie-Louise Labelle,2005-01-01 *Beads of Life* is a fascinating exploration of traditional beadwork from eastern and southern Africa as well as the socio religious principles upon which many aesthetic choices were based The author concludes with an examination of contemporary beadwork as seen in particular through the eyes of Canadians from these regions Published in English
