Copp, 2005 **Hua i Hsüeh Chih** , 1999 Contains bibliographies and book reviews *The Eight Books* Sohrab Sepehri, 2021-12-06 The Eight Books A Complete English Translation is the first complete translation of the collected poems of Sohrab Sepehri 1928 1980 a major Iranian modernist poet and painter and yet under translated into English The introduction takes up Sepehri s famously difficult if languidly beautiful style to explain it as a series of appropriations of global modernisms in poetry and painting It offers close readings of how Sepehri s modernism follows and breaks with the jagged rhythms of Nima Yushij d 1960 Iran s inaugural modernist poet In keeping with this modernist framing the translations replicate Sepehri s rhymes where possible his fluctuations between formal and colloquial registers his syntactic distortions and his embeddings of governmental and other jargons It also includes Sepehri s autobiography **Catalog of Copyright Entries** Library of Congress. Wallace, 2018-10-31 *Behaving Badly in Early and Medieval China* presents a rogues gallery of treacherous regicides impious monks cutthroat underlings ill bred offspring and disloyal officials It plumbs the dark matter of the human condition placing front and center transgressive individuals and groups traditionally demonized by Confucian annalists and largely shunned by modern scholars The work endeavors to apprehend the actions and motivations of these men and women whose conduct deviated from normative social cultural and religious expectations Early chapters examine how core Confucian bonds such as those between parents and children and ruler and minister were compromised even severed The living did not always reverently pay homage to the dead children did not honor their parents with due filiality a decorous distance was not necessarily observed between sons and stepmothers and subjects often pursued their own interests before those of the ruler or the state The elasticity of ritual and social norms is explored Chapters on brazen Eastern Han 25 220 mourners and deviant calligraphers audacious falconers volatile Tang 618 907 Buddhist monks and drunken Song 960 1279 literati reveal social norms treated not as universal truths but as debated questions of taste wherein political and social expedience both determined and highlighted individual roles within larger social structures and defined what was and was not aberrant A Confucian predilection to valorize the civil and disparage the martial and Buddhist proscriptions on killing led literati and monks alike to condemn the cruelty and chaos of

war The book scrutinizes cultural attitudes toward military action and warfare including those surrounding the bloody and capricious world of the Zuozhuan Chronicle of Zuo the relentless violence of the Five Dynasties and Ten States periods 907 979 and the exploits of Tang warrior priests a series of studies that complicates the rhetoric by situating it within the turbulent realities of the times By the end of this volume readers will come away with the understanding that behaving badly in early and medieval China was not about morality but perspective politics and power

Esoteric Pure Land Buddhism

Aaron P. Proffitt, 2023 What if anything is Esoteric Pure Land Buddhism In 1224 the medieval Japanese scholar monk Dohan 1179 1252 composed The Compendium on Esoteric Mindfulness of Buddha Himitsu nenbutsu sho which begins with another seemingly simple question Why is it that practitioners of mantra and meditation rely on the recitation of the name of the Buddha Amitabha To answer this question Dohan explored diverse areas of study spanning the whole of the East Asian Mahayana Buddhist tradition Although contemporary scholars often study Esoteric Buddhism and Pure Land Buddhism as if they were mutually exclusive diametrically opposed schools of Buddhism in the present volume Aaron Proffitt examines Dohan s Compendium in the context of the eastward flow of Mahayana Buddhism from India to Japan and uncovers Mahayana Buddhists employing multiple overlapping so called esoteric approaches along the path to awakening Proffitt divides his study into two parts In Part I he considers how early Buddhologists working under colonialism first constructed Mahayana Buddhism Pure Land Buddhism and Esoteric Buddhism as discrete fields of inquiry He then surveys the flow of Indian Buddhist spells dhara ni and mantra texts into China and Japan and the diverse range of Buddhist masters who employed these esoteric techniques to achieve rebirth in Sukhavati the Pure Land of Bliss In Part II he considers the life of Dohan and analyzes the monk s comprehensive view of buddhanusmrti as a form of ritual technology that unified body and mind Sukhavati as a this worldly or other worldly soteriological goal synonymous with nirvana itself and the Buddha Amitabha as an object of devotion beyond this world of suffering The work concludes with the first full translation of Dohan s Himitsu nenbutsu sho into a modern language
