The PD Chronicles Jack James, 2001-05-24 Lies intrigue illicit affairs kidnapping snitches drug use Sound like the stuff of a daytime TV soap opera The soap dishers should be so creative Those happen to be some of the elements in The PD Chronicles a behind the scenes account of what goes on at a radio station in Anytown U S A as told by Jack James a living breathing working program director For obvious reasons this current major market PD uses a pseudonym though one would have to think that sooner or later a savvy boss would realize the characters populating these chronicles were his very own employees The matter of fact often cynical and mostly hilarious deadpan diary entries give readers a glimpse of what really goes on behind the curtain of an everyday radio station This PD takes you into the hallways the general manager s office the sales department the control room and on air studio the lobby and the bathroom how Ally McBeal of the radio stations where he s worked It s WKRP only the real deal Among other entries we learn that the promotions director tried conducting a hate campaign against the new morning man including posting nasty comments to the station s Web site bulletin board And talked the night deejay into disparaging his embattled A M counterpart Her cover was cracked though and needless to say she s out Then there s the case of the kidnapped T shirts They were lifted by a competitor while one young promotions helper was in the process of giving them away before a stadium concert Turns out the thief hadn t realized he was stealing from a beefy former University of Minnesota football player A possible clue to the PD s whereabouts But we digress In front of a stadium full of concertgoers the jock tackles the hapless absconder giving himself legend status in the process Also in The PD Chronicles we get the I can t make it for my shift job excuse du jour Among them a late night jock who claimed he knocked out his front teeth in a bathroom fall Those sibilant sounds just don t cut it on the air Excuse accepted Until we learn the real reason for the dental disturbance was a drug deal gone bad and that our troubled deejay has had a problem with amphetamine type substances since his teens Turned over to the police by his own grandmother the young addict was headed for a rehab center and a job somewhere else This poor PD seems to have more employee turnover than the Yankees under George Steinbrenner When this PD is discovered and loses his own job he ll have a bright future as a writer Maybe then his relatives who keep asking When are you gonna get a real job will be proud of him

The Beginner's Guide to Financial Spread Betting Michelle Baltazar, 2010-08-27 Now fully revised and updated The Beginner s Guide to Financial Spread Betting provides an essential grounding in the basic principles of

spread betting Spread betting was once the domain of institutional investors city traders and high rollers Not anymore You would now be hard pressed to find any other form of trading that allows such a scale of return and has such wide appeal The popularity of spread betting has increased massively over the last few years with thousands of new traders entering the market every month And whilst the basic principles of spread betting are simple there is jargon to overcome and some important lessons to be learnt if the novice trader is going to make the most of the opportunities available However these huge opportunities do carry some risk and this book describes how it is vital that traders manage those risks and understand how to minimise them wherever possible Aimed squarely at beginners the book is designed to be accessible to readers with perhaps only a basic grasp of investing It starts with an explanation of what spread betting is moves in to cover the mechanics of a trader then explains the bid offer spread and margin trading It then discusses the tools available to traders and looks at some of the key spread betting strategies before taking a brief look at trading psychology and some real life case studies The appendices and glossary at the back then serve as your quick and handy cheat notes when you start trading By the time you finish reading this book you should know how to place a spread bet the rules of the game and how to trade successfully so that you too can with a little time and effort start to make serious money from the markets *Stand Like Mountain, Flow Like Water* Brian Luke Seaward, 2010-01-01
