Shakespeare Shakespeare And The Elizabethan World:

The Elizabethan World Picture E.M.W. Tillyard, 2017-07-28 This illuminating account of ideas of world order prevalent in the Elizabethan Age and later is an indispensable companion for readers of the great writers of the sixteenth and seventeenth centuries Shakespeare and the Elizabethan dramatists Donne and Milton among many others The basic medieval idea of an ordered Chain of Being is studied by Tillyard in the process of its various transformations by the dynamic spirit of the Renaissance Among his topics are Angels the Stars and Fortune the Analogy between Macrocosm and Microcosm the Four Elements the Four Humors Sympathies Correspondences and the Cosmic Dance ideas and symbols that inspired the imaginations not only of the Elizabethans but also of the Renaissance as such This idea of cosmic order was one of the genuine ruling ideas of the Elizabethan Age and perhaps the most characteristic Such ideas like our everyday manners are the least disputed and the least paraded in the creative literature of the time The province of this book is some of the notions about the world and man that were quite frequently taken for granted by the ordinary educated Elizabethan the commonplaces too familiar for the poets to make detailed use of except in explicitly educational passages but essential as basic assumptions and invaluable at moments of high passion The objective of *The Elizabethan World Picture* is to extract and explain the most ordinary beliefs about the constitution of the world as pictured in the Elizabethan Age and through this exposition to help the ordinary reader to understand and to enjoy the great writers of the age In attempting this Tillyard has brought together a number of pieces of elementary lore This classic text is a convenient factual aid to extant interpretations of some of Spenser Donne or Milton

Shakespeare's Histories on Screen Jennie M. Votava,2023-06-29 This volume reframes the critical conversation about Shakespeare's histories and national identity by bringing together two growing bodies of work early modern race scholarship and adaptation theory Theorizing a link between adaptation and intersectionality it demonstrates how over the past thirty years race has become a central and constitutive part of British and American screen adaptations of the English histories Available to expanding audiences via digital media platforms these adaptations interrogate the dialectic between Shakespeare's cultural capital and racial reckonings on both sides of the Atlantic and across time By engaging contemporary representations of race ethnicity gender sexuality disability and class adaptation not only creates artefacts that differ from their source texts but also facilitates the conditions in which race and its intersections in the plays become visible At the centre of this analysis stand two landmark 21st century history adaptations that use non traditional casting the British TV miniseries *The Hollow Crown* 2012 2016 and the American independent film *H4* 2012 an all Black Henry IV conflation In addition to demonstrating how the 21st century screen history illuminates both past and present constructions of embodied difference these works provide a lens for reassessing two history adaptations from Shakespeare's 1990s box office renaissance when actors of colour were first cast in cinematic versions of the plays As exemplified by these formal adaptations reappropriations of race in history non traditional Shakespearean casting practices are also currently shaping digital culture's conversations about race in non Shakespearean period dramas such as *Bridgerton*

Shakespeare's Early History Plays Dominique Goy-Blanquet, 2003 Like many of his fellow playwrights Shakespeare turned to national history for inspiration In this study Dominique Goy-Blanquet provides a close comparison of the Henry VI plays and Richard III with their historical and theatrical sources demonstrating how Shakespeare was able to meet not only the ideological but also the technical problems of turning history into drama how by cutting carving shaping casting his unwieldy material into performable plays he matured into the most influential dramatist and historian of his time Recent criticism of Shakespeare's history plays has often consisted of fierce arguments over their ideological import and Shakespeare's position on the spectrum of current political opinions This book however stems from the belief that a more constructive starting point for research is the exploration of the technical problems raised by turning heavy narratives into performable plays rather than the political motives that could inspire a playwright's representation of national history Illuminating and instructive Shakespeare's Early History Plays includes not only close investigation of the verbal poetic and political texture of the plays but also provides a broad overview of the wider sixteenth century historiographical contexts of the plays and their significance to Shakespeare's oeuvre more generally **Shakespeare's Globe Rebuilt** J. R. Mulryne, Margaret Shewring, Andrew Gurr, 1997-06-12 The rebuilding of the Globe theatre 1599 1613 on London's Bankside a few yards from the site of the playhouse in which many of Shakespeare's plays were first performed must rank as one of the most imaginative enterprises of recent decades It has aroused intense interest among scholars and the general public worldwide This book offers a fully illustrated account of the research that has gone into the Globe reconstruction drawing on the work of leading scholars theatre people and craftsmen to provide an authoritative view of the twenty years of research and the hundreds of practical decisions entailed Documents of the period are explored afresh the techniques of timber framed building and the decorative practices of Elizabethan craftsmen explained and all of this reconciled with the requirements of the actors and restrictions of modern architectural design The result is a book that will fascinate scholarly readers and
